

FISHING

ACTION

PASSION

Our exclusive gull-wing hull design gives you exhilarating performance, whether you're heading to your favorite spot or simply out for a cruise.

Sylvan boats are among the more versatile you'll find anywhere, with more family-friendly packages that combine the best fishing and watersport features.

You'll have more room to reel them in, with large stern platforms and enormous bow platforms, thanks to the exclusive raked back bow design.

One Great Name.

There's a funny thing about the name Sylvan. Without even thinking about it, it starts to take you back. Maybe you've had a buddy who's owned one. Or you've seen it at tournaments, or parked at the launch, or in the windows of the best dealerships. Because for more than 50 years, Sylvan's been everywhere great fishing's been. And this year, we want Sylvan to be the name that takes you forward, too. With a whole new look and a whole new attitude. And all the ingredients for the best values on the water. So check out the pages to come. You'll see more than 25 great boats for every type of fishing. All with the name anglers have trusted for years.

<i>EXPLORER</i>	16
<i>SPORT TROLLER & SUPER SNAPPER</i>	18
<i>STRIKER, SEA SNAPPER, SEA BREEZE & FISH ADVANTAGE</i>	20

This year, the accent's on versatility.

At Sylvan, we believe you should be able to do more with your boat. Like take a few more friends fishing. Or hose it down quickly for an afternoon of skiing. Or get dressed and take your family out to dinner. That's why you'll find more models with conveniences like snap-in carpet — to make it easier than ever to convert from fishing to family fun. We've also developed more innovative seating options, with platforms in both the bow and stern that easily fold into seats that are comfortable enough for your favorite aunt. Yes, this year, you can have it all. And isn't that how it should be?

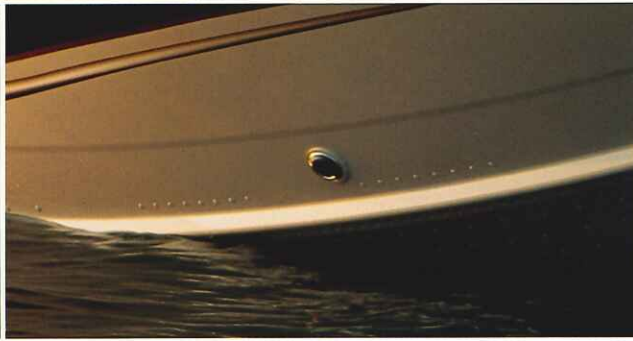

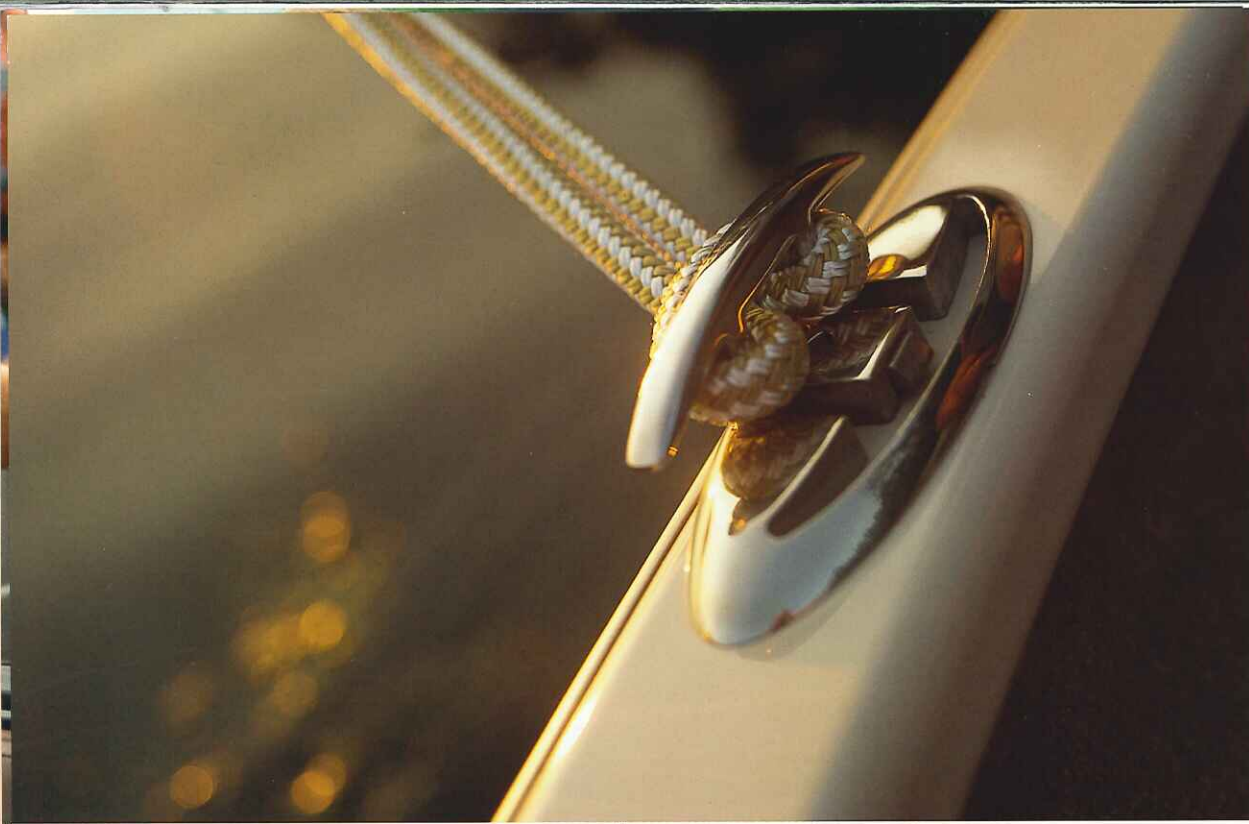

Who says a serious fishing boat can't be attractive?

It's true that a morning of great fishing can make a mess out of any boat. But you can be sure that your Sylvan cleans up to be one of the sharpest boats on the water. This year, we've refined our seats to be among the most comfortable you'll find anywhere, with full plastic cores for superior durability. Plus, you'll notice that when it comes to color, everything matches — from the paint, to the upholstery, to the new powder coated seat bases. After all, when you get a new boat, it ought to turn a few heads.

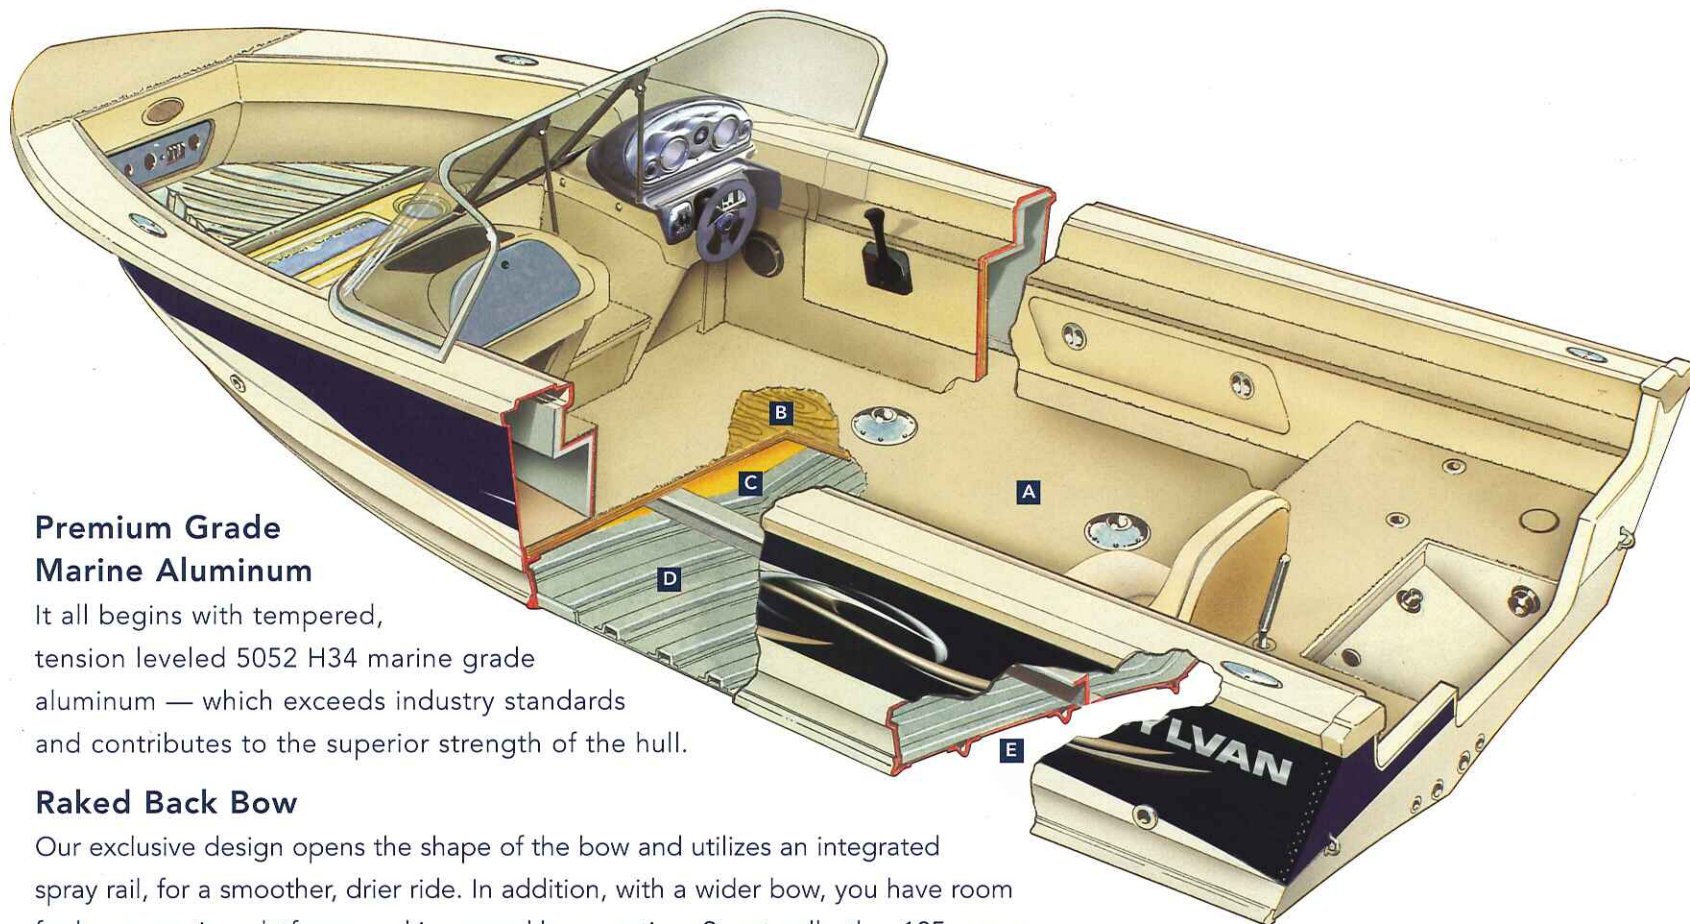

It all comes down to two things.

Quality and safety.

As you take a closer look at this year's lineup, you'll see that countless details combine to make Sylvan boats the safest and most reliable you'll find anywhere. This year, our full-featured boats are fitted with all chrome castings and heavy-duty pull-up or flip-up cleats. You'll also find bigger decks and deeper freeboards on many models — to keep your family safer in bigger water or rougher conditions.

Premium Grade Marine Aluminum

It all begins with tempered, tension leveled 5052 H34 marine grade aluminum — which exceeds industry standards and contributes to the superior strength of the hull.

Raked Back Bow

Our exclusive design opens the shape of the bow and utilizes an integrated spray rail, for a smoother, drier ride. In addition, with a wider bow, you have room for larger casting platforms and increased bow seating. Structurally, the .125 gauge bottom and double riveted seams combine to give the bow its tremendous strength.

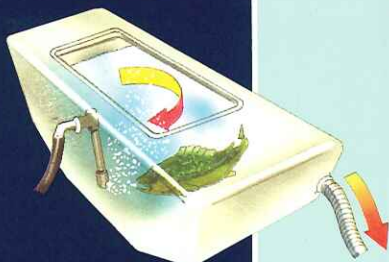

WARRANTY

Sylvan warrants each new aluminum hull for a period of ten (10) years, lifetime warranty on all riveted seams, and each new fiberglass hull for a period of five (5) years, from the date of purchase by the original purchaser (based on years of use under normal recommended operating conditions) as described in the warranty folder. A copy of the Sylvan Limited Warranty is attached to each new Sylvan boat, or may be obtained from any dealer or the Sylvan factory.

FLOW RITE LIVEWELL SYSTEM

This state-of-the-art livewell design helps ensure you get your catch home safely. To begin with, a fill pump draws in water, circulating it at the bottom of the tank, while an air hole in the top of the fill pipe allows air to mix with the water. In addition, a separate recirculating pump works in a continuous loop to keep aerated water moving in the livewell — even when you're refueling or drifting through stagnant waters. The livewell is easy to clean, thanks to a drain system that runs through the transom, not the floor.

A CARPET

Our premium grade, 100% UV stabilized marine carpet will last for years to come and is backed by a 5-year warranty.

B XL PLYWOOD FLOORS

With a lifetime warranty, you can count on the specially treated floor to hold its strength and never warp or rot.

C URETHANE FOAM

When you walk on a Sylvan boat, you can feel the solid strength and support of the floor. That's because we fill every cavity with gasoline-resistant urethane foam to eliminate water pockets and give the boat more buoyancy and a quieter ride.

D STRENGTH

The hull design on many of our boats features a .125 gauge one-piece bottom with .125 gauge hand-fitted ribs on 10" centers, for superior lateral strength. Combine this with the longitudinal strength of five keels, and you get superior impact resistance and better lift, handling and bottom support.

E 5-KEEL CONSTRUCTION

Many of our boats feature five external keels, for the best stability and handling you'll find anywhere. The keels also offer greater protection from underwater objects, as well as from the wear and tear of launching and trailering your boat.

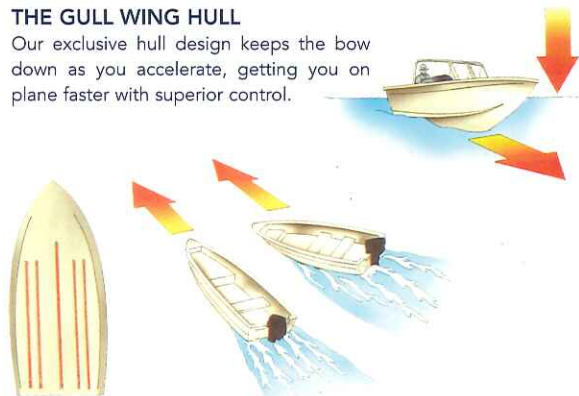

TWICE BAKED URETHANE PAINT

Our in-house paint process begins with a special aluminum grade primer for superior bonding. We then bake two coats of urethane paint to the hull for a tough, durable finish and a showroom luster that will last for years.

THE GULL WING HULL

Our exclusive hull design keeps the bow down as you accelerate, getting you on plane faster with superior control.

AIRS RIB SYSTEM

ADVANCED INTEGRATED RIB SYSTEM

The choice is clear! Our exclusive Advanced Integrated Rib System utilizes hand-fitted, hat-shaped ribs for superior longitudinal strength and rigidity that simply outperforms our competitors' double-plated aluminum.

THEIRS: DOUBLE PLATED

Pro Fish and Adventurer 2005

More fishing boat for you.
More fun boat for them.

Looking for the one boat that'll make everybody happy? You've found it in the 1900 Pro Fish. The serious anglers in your crowd will love the large platforms, the large lighted livewells and the lighted rod storage, both port and starboard. And when it's time for a cruise, the bow and stern platforms easily fold into roomy seating areas. You'll also enjoy the sharp new driver's console and optional ski tow which can be conveniently stowed in the in-floor storage. For devoted fishermen, the 1900 Adventurer also makes a huge impression on the water, with outstanding features.

ADVENTURER

DRIVER'S CONSOLE

(Pro Fish and Adventurer)

Whether you're cruising to your favorite fishing spot or pulling your favorite skiers, you'll love the new dash with multi-function gauges.

STERN LIVEWELL
(1900 Adventurer)

The large 30-gallon stern livewell is lighted, aerated, recirculating and timed — to help get your entire catch home safely.

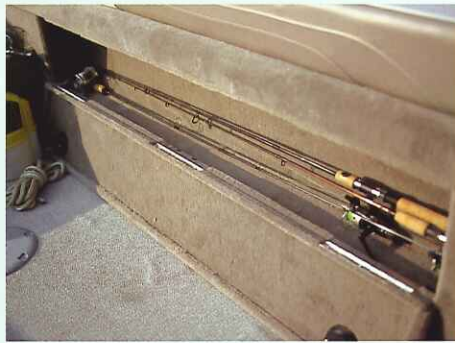

CONVERT-A-BOW
(1700 and 1900 Pro Fish)

The bow fishing platform easily folds up to give you a walk-in bow with seat cushions and built-in cup holders.

REAR JUMP SEATS *(1700 and 1900 Pro Fish)*

For greater versatility, removable jump seats let you easily switch between the large fishing platform and roomy, comfortable seating.

ROD STORAGE
(1900 Adventurer)

You'll find plenty of lighted rod storage, both port and starboard.

Avenger 2005

The boat with one reason for being:
Fishing.

This year, we've expanded the Avenger line to include the awe-inspiring 1800. This is one of the most versatile boats you'll find anywhere — with your choice of single or dual consoles, and either a walk-thru windshield or dual windscreens. Add to that a 50 gallon livewell, an organized rod storage system and a huge bow platform, and you've got a tournament-ready boat that'll stand by you for years to come.

(1800 Expedition Sport)
At the helm, you'll love the sporty dash and full complement of gauges.

CONVERT-A-BENCH (DOWN)
(1800 Expedition Sport)

When folded down, the convert-a-bench becomes a roomy rear platform.

CONVERT-A-BENCH (UP)
(1800 Expedition Sport)

Our unique rear convert-a-bench easily increases your boat's seating capacity, making it more versatile for the whole family.

OPEN BOW

(1600 Expedition SC)
The roomy bow platform gives you a large fishable area and plenty of in-floor storage.

BOW CUSHIONS
(1800 Expedition Sport)

Cushioned seating in the bow platform gives you added passenger room and includes built-in cupholders.

BOW PLATFORM
(1800 Expedition Sport)

Thanks to the raked back bow design, there's plenty of room to utilize both the fishing seat location and the cushioned seating.

For Expedition standards & options, please see pages 22-25.

Viper 2005

Now this is serious.

If you're looking for added stability in rough, windy waters, take a closer look at the Viper fiberglass series. These rugged, high-performing boats are loaded with serious fishing features, including large livewells and impressive rod storage. They're also a cinch to wash down, and they sport the appealing styling of a new steering wheel and optional metallic paint.

Keeping foul weather outside, where it belongs.

Thanks to our fisherman's top you can fish comfortably, even when it's raining out. In addition, our complete curtain packages help you get out earlier in the spring and stay out later in the fall — keeping you warm in cooler temperatures. The top comes with a boot for easy storage, and the bow and mooring covers protect your boat from water and debris.

MOORING COVER

FISHERMAN'S TOP

FISHERMAN'S TOP WITH AFT AND SIDE CURTAINS AND BOW COVER

Molded, padded and above all, pinch-proof.

Select Sylvan fishing boat models feature our custom-molded consoles with deluxe gauges. Many boats also feature tilt steering, along with either hydraulic or anti-feedback steering. All of our consoles are ergonomically organized, with easy-to-read dials and easy-to-reach switches and circuit breakers. On dual console models, you'll also find beautiful walnut grain and such amenities as a lockable glove box and molded cup holders.

Our advanced seat design features pinch-proof hinges, contoured bottoms and backs, and resilient foam padding. Our roto-molded, wood-free construction ensures that the seats won't warp or rot.

JBL® RADIO

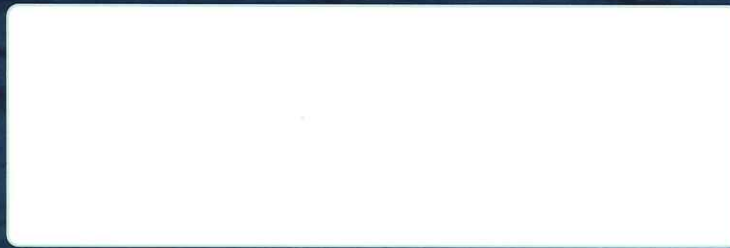

Sylvan is proud to offer legendary JBL® audio components engineered for the marine environment. The speakers are UV and water resistant with rubber surrounds, while the receivers include such features as electronic tuning, scan/seek functions, station presets, rolled silicone rubber buttons and a water-resistant flip-down face.

Wear your fishing heart on your sleeve.

No angler's wardrobe is complete without exclusive shirts, jackets and hats featuring the Sylvan logo. For your convenience, you may order online by visiting our website at www.sylvanmarine.com. It's all part of a lifestyle that celebrates hometown values, the beauty of nature, the strength of relationships and the excitement of the very best sport in the world — fishing.
