**It's all about being together.**

If you're considering a pontoon, you're looking for the very best way to spend time on the water with friends and family. That's why we're continually engineering more possibilities. Like new floorplans, with more of your favorite furnishings and innovative designs. One model that's sure to turn heads is the 8527 Mandalay RE HT. In addition to its "upstairs" seating, it features an optional bar area with bar stools — which is perfect for entertaining. Other thoughtful details you'll find this year include deluxe, interior lighting and more beverage holders in more convenient places than ever before.

### Quality that's a cut above.

Allow us to point out a few of the ingredients that add up to a superior pontoon. Our 1-1/4" railings exceed industry standards and are powder coated for showroom looks that'll last for years to come. You'll also appreciate our superior gate design — with Posi-Lock® latches and heavy-duty hinges. Our fence panels are insulated, to prevent the rattling that otherwise develops over time. And our bimini tops are the easiest to use with quick-release latches and struts, not straps, as well as high-quality canvas.

"On The Water"

**Great performance starts  
behind the scenes.**

Most manufacturers might not put "performance" and "pontoon" in the same sentence. But then, they probably don't offer as many advanced fixtures as you'll find on a Sylvan. Every model includes full-length keels and nose cone fins, while select models offer aluminum bottom skin and performance tubes — all to give you superior handling and the added muscle to enjoy your favorite tow sports. Other important details include waterproof sheathed wiring with state-of-the-art Deutsch connectors, as well as a sophisticated drainage system, allowing water to drain through the seat storage and out of the pontoon.

## CONSTRUCTION FEATURES

### A GATES

For maximum safety, you'll find pinch-proof protectors and Posi-Lock<sup>®</sup> latches on the gates of all our pontoons, as well as heavy-duty gate stops.

### B DECK

We have so much confidence in our floors that they carry a lifetime, transferable warranty. Every pontoon features 3/4" Marinetech FTP 7-ply pressure-treated plywood that won't warp or rot. And the floor is securely through-bolted and screwed to the hat channels for a powerful hold.

### C CARPET

Our seamless plush pile carpet (up to 32 oz.) is made of 100% U.V. stabilized polypropylene and has a five-year warranty. For extra durability, we bond it to the deck with marine adhesive and 200 lbs. of rolling weight, while stainless steel staples secure it to the perimeter of the deck.

### D SPACERS

Our pontoons feature 3/8" spacers between the fence bottom and the deck, allowing water to drain easily and cutting carpet drying time in half.

### E FENCING

Your pontoon's fencing is as attractive as it is durable, thanks to the .030 grooved aluminum panels which are foam-backed to prevent rattling and feature supplemental cross members for added strength. Anodized railings serve to prevent the buildup of unsightly black residue.

### F TUBE CONSTRUCTION

Because so much is riding on the tubes, we back ours with a lifetime warranty. Unlike other manufacturers', our tubes are heavy gauge (.080) with welded chambers to keep the pontoon afloat even if a section becomes punctured, and they feature rear anti-electrolysis drain plugs for easy draining. In addition, our air-filled tubes make the pontoon lighter, giving you more power and better fuel economy.

### G NOSE CONE

Our nose cone knives cleanly through the water, with two 13° fins deflecting water away from the boat, giving you a smoother, drier ride. The anti-puncture skid bar runs the entire length of the tube for added protection and steering control. And an extruded aluminum cap adds strength to the cone and protects you from sharp edges.

### "V" TRANSOM

Our all-aluminum "V" transom carries a lifetime warranty and is designed to reduce spray and prevent cavitations in turns. Fins work to provide the optimum lift for better water flow and faster speeds.

### FULL-LENGTH KEEL/SKID BAR

Our tubes feature a 1/2" aluminum keel running the full length of the tube. This provides maximum protection for the tubes while trailering and serves to deflect debris, enhance steering, and help prevent drifting.

### ALUMINUM BOTTOM SKIN

Select pontoons feature our aluminum bottom skin, for a smoother glide that helps your engine operate more efficiently and saves you fuel, even at higher speeds.

### LOUNGE FURNITURE

The comfort and durability of our lounge furniture starts with reliable rotocast bases which provide dry underseat storage areas. Our thick foam padding is treated with biocide, and our 33 oz. high-grade marine vinyl features a stain resistant topcoat that protects the beauty of the furniture for years to come.

**NOTE:** Because weight distribution is extremely important when operating a pontoon boat, passenger weight should be distributed evenly for best overall performance. Also keep in mind that a four-stroke engine is much heavier than a two-stroke engine, significantly increasing the weight load in the stern. Check with dealer for performance evaluation and weight differential for four-stroke and two-stroke engines.

### CROSS CHANNELS

There's no substitute for a strong foundation — and that's what you get with our 18" x 8.5" x 6" x 1/8" aluminum hat channels. They are double through-bolted onto deck rails every 24" for exceptional support and structural integrity, and they actually double the amount of Z-channels used in other pontoons.

8527 Mandalay RE Hardtop

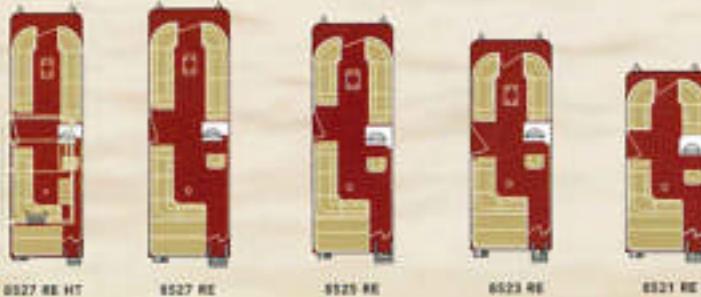

## Mandalay 2006

You simply can't top this.

The possibilities are endless on a Mandalay. Our flagship pontoon features more luxury than you've ever imagined, including our amazing hardtop model. You'll also enjoy wraparound couches and L-group seating, as well as a lighted changing room. Impressive options you'll want to consider include a galley with refrigerator and a ski tow — all giving you maximum versatility for all-day outings.

## TOPS, CURTAINS AND COVERS

To help you make the most of your time on the water, we offer a wide range of tops, curtains and covers. For pontoons, the bimini and double tops provide maximum protection from the sun, while the full camper enclosure features windows you can open and close. The playpen cover keeps leaves, twigs and other debris out of the boat.
