THERE'S ONLY ONE WORD TO DESCRIBE THESE BOATS...SUPER!

Super features!
Super style!
Super Sportsters!
The name says it all!
First of all, you'll love

this boat for the way she handles in the open water, absolutely super. You'll enjoy sun features, like our comfortable sleeper seat that becomes the perfect place for soaking up the rays.

SUPER SPORTSTER

But don't be confused. It's a great fishing boat, too. Catch a load of the new fishing features like the live

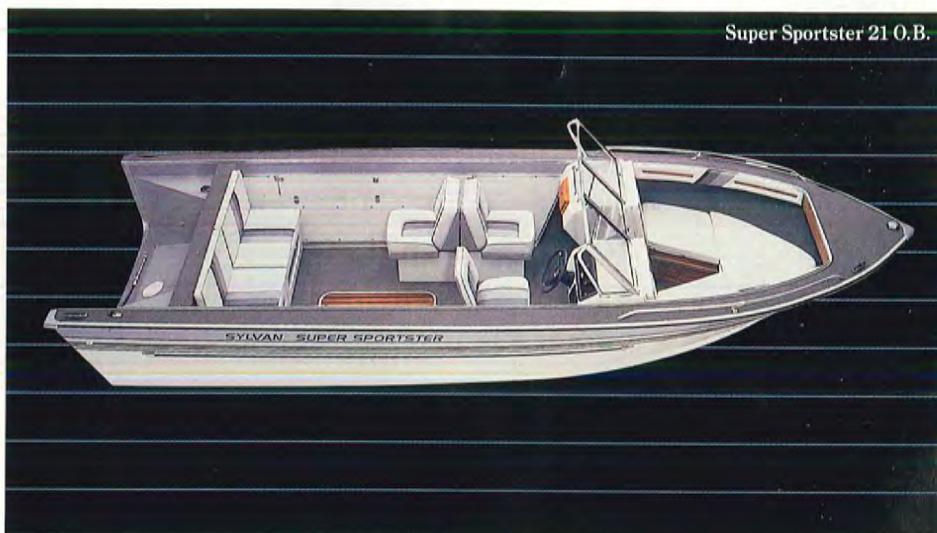

well in the bow. Plenty of room for fishing gear, too. All in all, this is two super boats for the price of one! And, like all Sylvan boats, it's covered by one of the best warranties in the business.

WE KNOW IT'S NOT FAIR TO THE FISH, BUT THE ELIMINATOR IS BACK FOR '89!

If you don't mind having an unfair advantage over the fish, then you should take a closer look at the Eliminator. These boats are loaded with fishing features: large front aerated live well with pump, raised front casting platform, your choice

ELIMINATOR

of a single or dual console, more lockable storage

than boats twice the size. Just don't blame us when other fishermen complain about all the fish you catch. It's the 1989 Sylvan Eliminator – bigger and better than ever before.

DEPENDABLE AND AFFORDABLE ARE THE BEST TWO WORDS TO DESCRIBE THESE TWO BOATS.

Sylvan has earned its solid reputation by building aluminum boats just like these. Little things like the double-riveted hull, sturdy rib construction and overall aluminum thickness and quality

SPORT TROLLER BASS CATCHER

make these just a notch above the competition. You'll be happy with either one of these boats from the day you buy to the day you trade it in. Dependable and affordable, they're pure Sylvan!

LONG ON LOOKS AND POWERFULLY EXCITING TO DRIVE.

She cuts through the water

like one of today's hottest race cars. And she sits still in the water as striking and proud as a champion thoroughbred. The Sport Cruiser is

HERE'S THE FASTEST WAY WE KNOW TO A GOOD TIME.

If you don't mind getting a little attention from your neighbors, then you won't mind owning a V209. They attract attention wherever they go. And wherever they go they get there first.

V209

Designed for speed and built to be sensitive to the slightest commands, the V209 is not for the faint of heart. If going fast sounds like fun to you, buy one and have the time of your life.

FOURTEEN REASONS TO BUY A SYLVAN PONTOON

1. Nose cones on all Sylvan boats have upswept design and are capped with a solid aluminum extrusion for added strength. Spray onto the deck is eliminated by deflectors on both nose cones.
2. Heavy-gauge aluminum pontoons are etched for lasting beauty. Bulkhead at every weld seam. $\frac{3}{4}$ " aluminum keel bar runs full length of each pontoon. Heavy cross support channels every two feet.
3. Deck and canopy running lights are pre-wired. Top lights have quick disconnect plugs mounted on canopy posts.
4. Entire deck edge is trimmed in aluminum extrusion for protection and beauty.
5. Swim deck railing provides extra safety factor and allows entry or exit from either side. Made of anodized aluminum. (Supreme line only.)

6. Deck railings of $1\frac{1}{4}$ " square aluminum are fully anodized; no oxide rub-off. Advantages have $1\frac{1}{4}$ " acid etched railings.
7. All Sylvan Supremes have four gates (except 28I/O and 24I/O) that open in for safety. Each gate has a vinyl-coated latch and welded hinges for extra strength.
8. Deck is XL50 plywood with 50 year warranty. Marine pile carpeting covers entire deck.
9. Fence and gate panels of aluminum with color-fast, baked-on enamel. Panels are locked-in by Sylvan-designed extrusion. Color availabilities: White Cloud/Blue, White Cloud/Red, Grey, and Copper.
10. Double-post canopy uprights permit easy raising or lowering of canopy. Anodized aluminum (Supreme Line only).

11. Upholstered, water-resistant pilot's chair. Fiberglass steering console. 15" stainless Destroyer Wheel (Supreme & Master Fisherman). Built-in lockable compartment. (Supreme line only.)
12. All Sylvan canopies are made of weather-resistant fabric. Canopies are color-coordinated with deck covering, fencing, steering stand and pilot's chair. Curved design for water run-off. (Four double-post uprights provide solid support.)
13. Gates on Sylvan pontoon boats open inward only. And all models (except 28 I/O, 24 I/O and the Westwinds) have rear gates for easy access to motor, fuel tank and ski ropes.
14. Fixed transom is made of heavy etched aluminum with marine plywood motor mount. (Maximum H.P. for long shaft motors is 115 H.P.-22" tube.) Adjustable transom available at no extra cost for short or long shaft up to max. 35 H.P.

If you don't find the boat to fit your needs in this brochure, ask your dealer about the other fine boats from Sylvan Marine.

Note: In our continuing effort to build the best quality boats at an affordable price it may become necessary during the course of the

year to change specifications or materials used in construction. We reserve the right to make changes without prior notification.

Optional equipment is shown in some photographs used in this brochure. Please confirm standards and options with your dealer.

All warranty information is available from your Sylvan Dealer or directly from Sylvan Marine. Please write for more information.
