Fiberglass Boats
Pontoon Boats

Relax, It's a SYLVAN

JUST WHAT DO WE MEAN WHEN WE SAY...

"Relax, It's a Sylvan"?

We mean that no matter which Sylvan boat you're in, it will fit your definition of "relax".

If relax for you means fishing, Sylvan has the right boat for your relaxation needs. Our complete line of quality, affordable aluminum fishing boats comes with all the features you need to thoroughly enjoy every relaxing fishing moment.

You'll find aerated live wells with bottom drains, raised casting platforms, movable bass seats, trolling motor panels and built-in tackle trays with watertight compartments. Sylvan boats are widely recognized for their ample storage room, so you've got plenty of space for all your fishing gear and supplies. And many storage compartments are lockable for added safety.

For those who consider a high-powered charge across the lake to be relaxing, we've got some fiberglass excitement for you. Our sharp new V178 is a water-seeking missile that's always a blast to ride. The sleek, powerful styling of our V188 and V209 tells you these high-speed thoroughbreds are made for action. And for flat-out exhilaration, our Space Ships and Space Decks are at the top of every thrill-seeker's list.

The features on our fiberglass boats are designed to enhance your fun. Sun decks, built-in coolers, swim platforms, ski rings and tow bars, in-floor ski storage, and so much more, are there for those of you who relax by getting your adrenalin pumping.

We also have a complete line of pontoons for those who like to sit back and, well, relax. Large, comfortable lounge seating, double barrel helm chairs, tables, Alpha carpet and plenty of room are just part of our "ahh-mazing" line of pontoons.

You can always relax in one of our pontoons, whether you're enjoying a picnic in the middle of the lake or the serenity of a late afternoon cruise. From the stately elegance of our Special Editions to the cozy friendliness of our Windsongs, there's a Sylvan pontoon that's just right for your family.

You can relax even more knowing your boat is made by Sylvan.

Our aluminum boats feature a rugged rib structure for lateral strength, and five keels for longitudinal strength and stability. We also use a double riveting process, the same process used in airplane construction, to provide better stress-flex and durability than welded hulls.

The basis of our sturdy fiberglass hulls comes from several layers of hand-laid woven roving and fiberglass. The stringer system is laminated to the hull with 2415 Fab-Mat, and then fully encapsulated in fiberglass, while the floors are tied to the sides with woven roving.

We use only heavy-gauge aluminum for our pontoon tubes; and the bulkheads have a drain hole at every seam. The decks are made with XL50 plywood with a 50-year warranty, and are bolted, not screwed, to the cross channels. And, all our railings are anodized for long-lasting appearance.

You can also relax with your Sylvan boat because it's been designed and built for years of safe, dependable performance. We leak test each boat, and our demanding level flotation tests exceed U.S. Coast Guard regulations. And, we back them up with some of the strongest warranties available in any industry, so you and your family can always stay relaxed.

Our whole philosophy as an independent, family-owned company is to build quality boats at affordable prices for you and your family to enjoy. That philosophy has worked well for us; and we take great pride in being recognized as an industry leader in building high-caliber, family boats with long-lasting value.

However you define it, whether you're quietly casting in the early morning calm, zooming across the lake with the wind roaring in your ears, or gently floating along while stretched out on the sun deck, you want a boat that will let you relax the way you want to.

We understand. That's why we build the boats we do, and why we build them the way we do.

And that's why we're always able to say, *"Relax, it's a Sylvan."*

19' PRO SELECT

The feature-packed Select series is leaving the competition in its wake, and there's more excitement this year with the addition of several new models. An extensive list of fishing and design features makes the powerful 19' Pro Select the fleet leader. You'll have a lot of fun doing some serious fishing with a Sea Troller Select; and one look at the new Back Troller Select tells you it was born to fish. Every model in the Select series is an outstanding example of the design, innovation and quality Sylvan is famous for. You'll find rugged construction, the thickest hulls available, intelligent features and superb performance – all at a very affordable price. Sylvan makes it easy to select the best.

PRO SELECT STANDARDS

4 large cleats • Interior lights • 3 bass seats (1 fixed with slider, 2 removable) • Full instrumentation • Tilt steering wheel • Marine carpet on floor and deck • Front and rear casting platforms • Bilge pump • In-floor storage • Lockable rod storage port and starboard • Rod holders • 2 aerated live wells with bottom drains (19'/23-gal. and 15-gal.; 17' & 16'/23-gal. and 9-gal.) • Live well timer • Trolling motor panel • Glove box • 2 tackle trays • Horn • Sony AM/FM stereo-cassette with 2 speakers • Running lights • Cup holders • Step transom • Anodized castings • Aluminum lids on rod lockers • Treated floor and wood with 10-year warranty • Double row rivets and one piece bottom construction • Colors: Blue • Burgundy • Teal (19' Blue and Teal only)

Maintenance-free MagFlash® CD ignition

① Rolled "V" bottom acts as a stabilizer to keep you from leaning from port to starboard, provides better stability in rough water and gives you a smoother ride

② 1½" thick transom made with specially treated wood for extra motor support

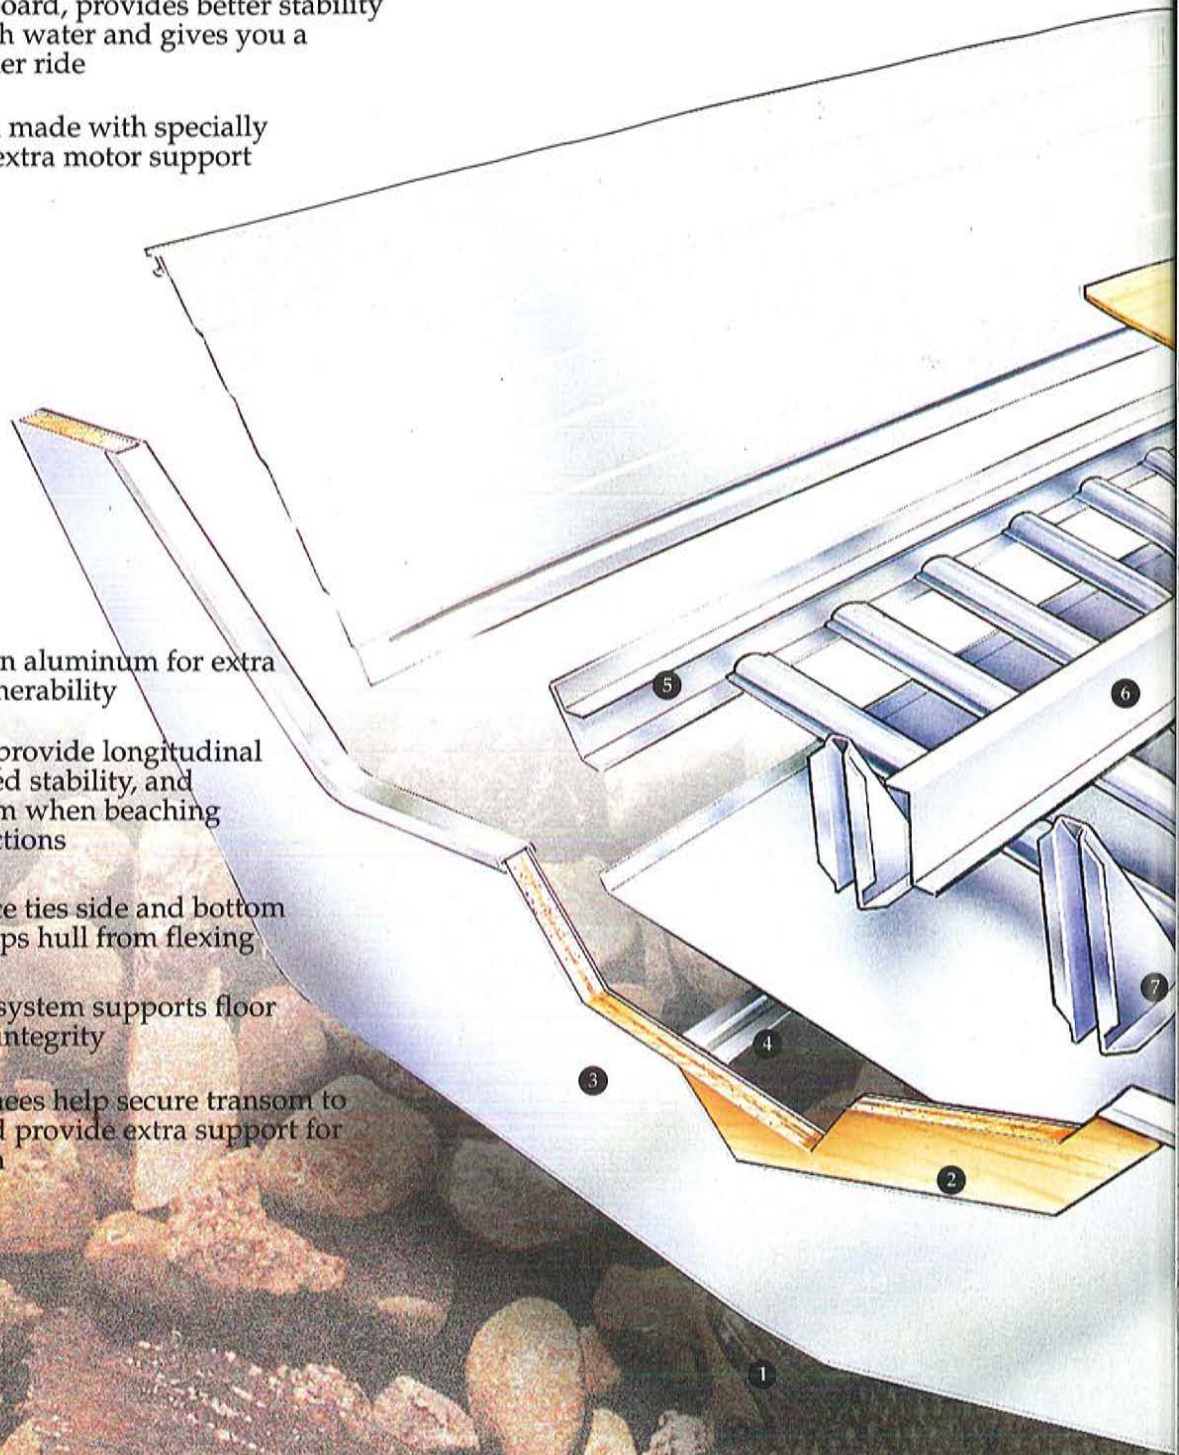

③ Transom encased in aluminum for extra strength and weatherability

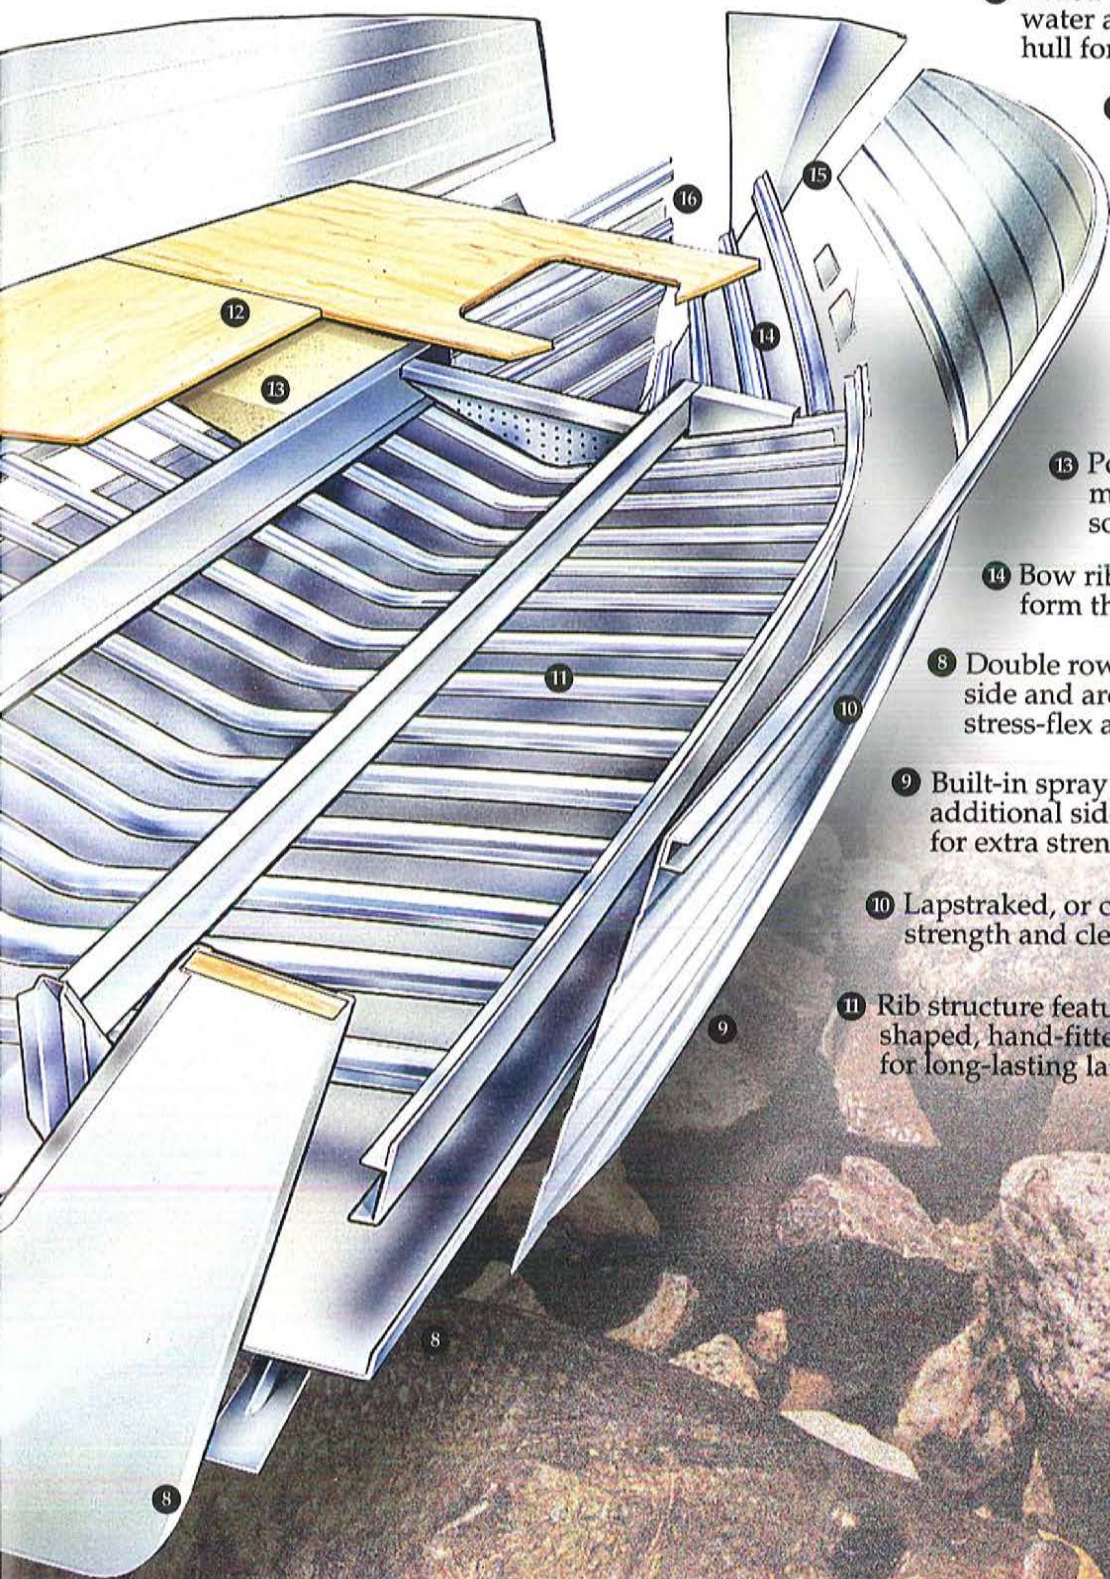

④ (5) bottom keels provide longitudinal strength, increased stability, and protect the bottom when beaching or hitting obstructions

⑤ Side bottom brace ties side and bottom together and keeps hull from flexing

⑥ Aluminum stringer system supports floor and adds structural integrity

⑦ Transom knees help secure transom to the hull and provide extra support for the transom

15 Flared bow cuts efficiently through the water and directs spray away from the hull for a smoother, drier ride

16 Rake back bow with .100 gauge one-piece bottom

12 Treated floor with full 10-year warranty

13 Poured-in foam beneath floor for maximum flotation, strength and sound deadening

14 Bow ribs provide up-front strength and form the backbone of our Deep "V" hull

8 Double row of anodized rivets down the side and around the transom for greater stress-flex and durability

9 Built-in spray rail provides a dry ride and additional side protection, and is rolled in for extra strength

10 Lapstraked, or curved, sides for extra strength and clean appearance

11 Rib structure featuring individually-shaped, hand-fitted ribs on 10" centers for long-lasting lateral strength

Mooring cover • Clamp-on seat • Center seat live well

CANOEES

For backwater country, the Sylvan 1994 canoes are available with both double-end and square-stern styles. The safety construction on every model assures you of the dependability that is the hallmark of Sylvan's reputation for excellence. Double-end models include 15' and 17' canoes. The square-stern model is 16'.

CANOEES

1 Reinforced fittings

2 Molded swim platform with non-skid surface

3 All wood under floor is completely encapsulated in fiberglass

4 Stringers are laminated to hull with 2415 Fab-Mat

5 Woven roving

6 Chopped strand

7 Woven roving

8 Chopped strand

9 Chopped strand

10 Woven r
at chine

18 All wiring color coded, wrapped in protective sheath and custom manufactured to our specifications

19 Deck and hull double fastened together with stainless steel fasteners, then sealed

20 All fixtures are stainless steel and thru-bolted

17 Floor tied to side with woven roving

16 Alpha carpet with 5-year warranty

15 1½ oz. chopped strand over floor

14 Floor laminated to stringer, then mechanically fastened for I Beam construction

13 Fiberglass coating on underside of floor

Live well • Flip-back storage box • 2 removable bass seats

1900 SPACE DECK FISHING PACKAGE

1900 SPACE DECK CRUISING PACKAGE

1 Painted ribbed fence panel for durability and appearance

2 Double galvanized Z channel at transom for extra strength

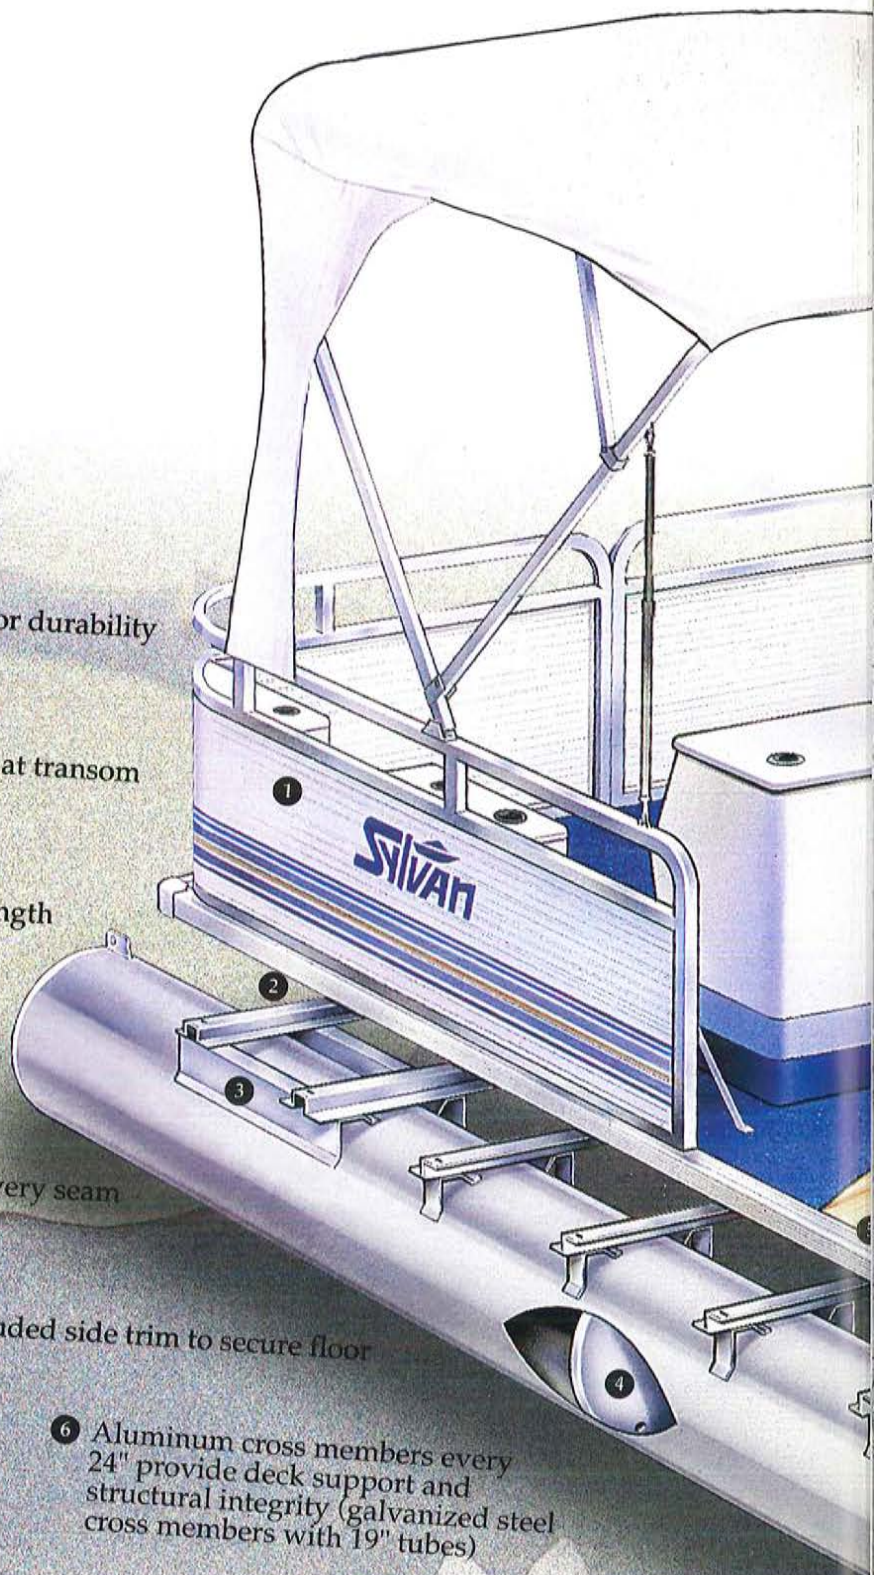

3 Extruded tube risers add strength

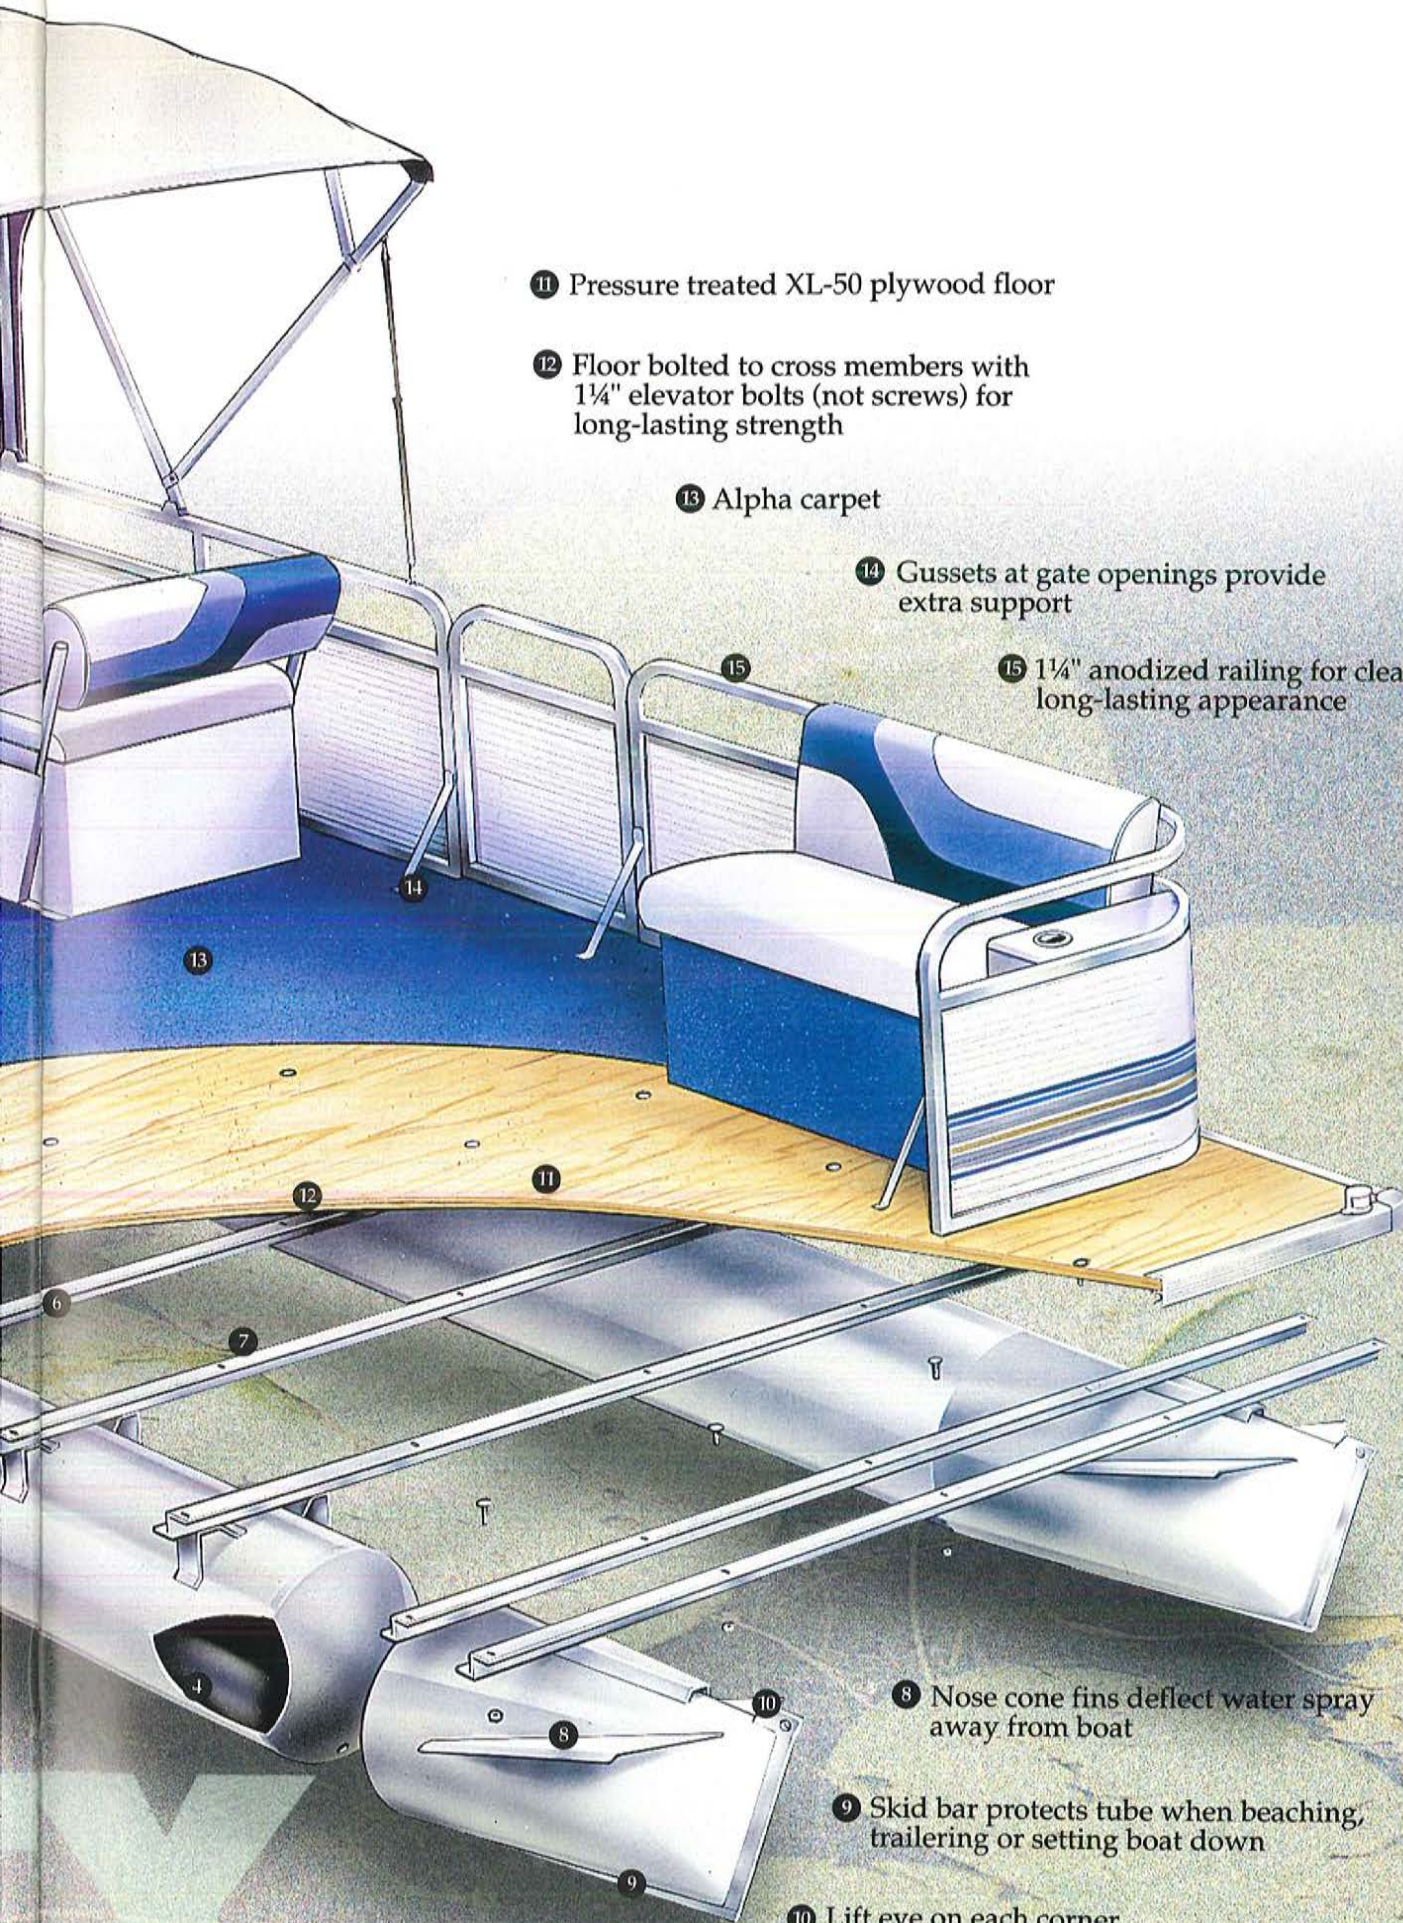

4 Bulkheads with drain holes at every seam and stamped for extra strength

5 Extruded side trim to secure floor

6 Aluminum cross members every 24" provide deck support and structural integrity (galvanized steel cross members with 19" tubes)

7 Foam seam tape on cross member prevents water from coming through plywood seams

11 Pressure treated XL-50 plywood floor

12 Floor bolted to cross members with 1/4" elevator bolts (not screws) for long-lasting strength

13 Alpha carpet

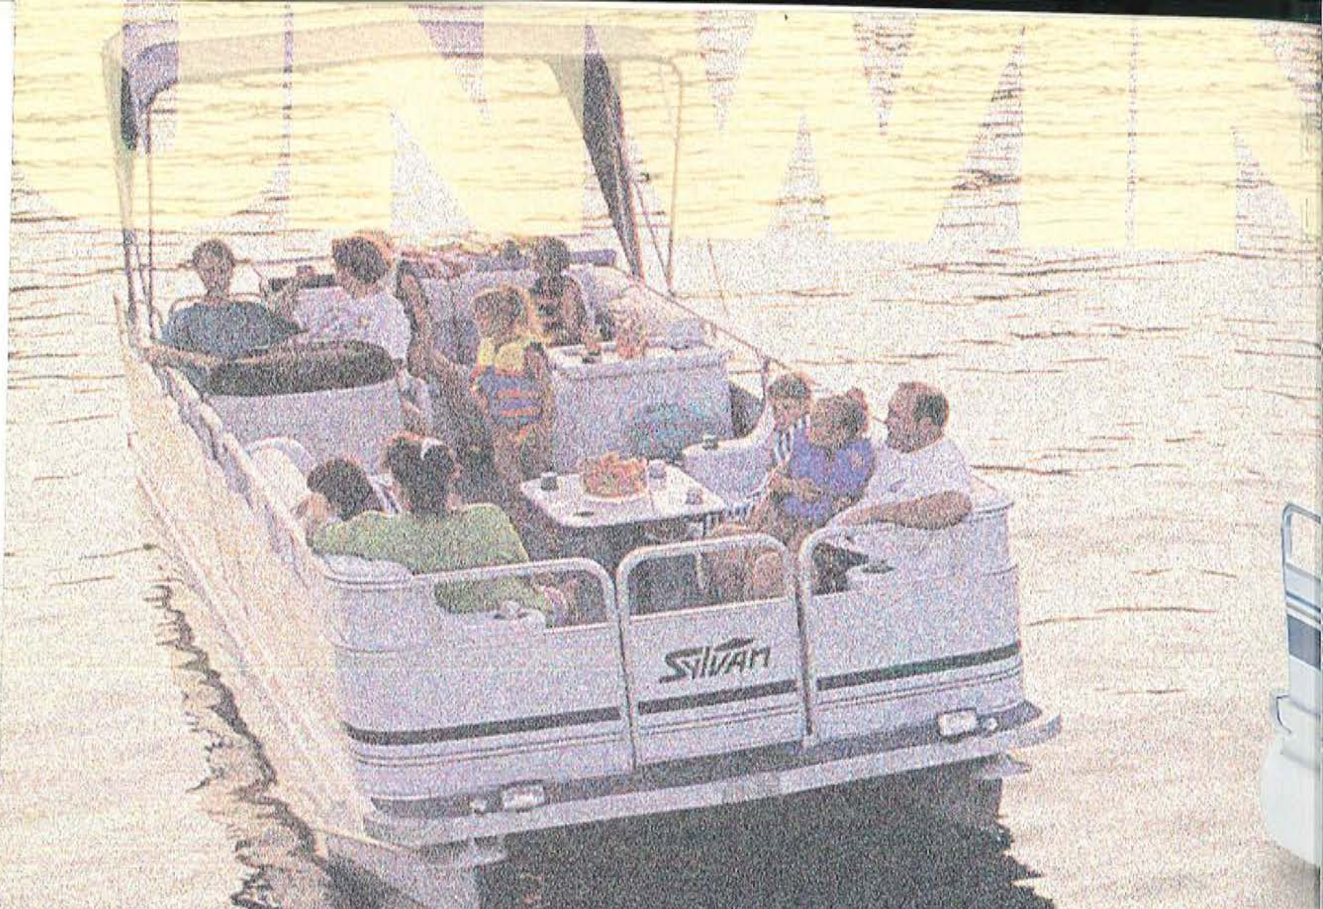

14 Gussets at gate openings provide extra support

15 1 1/4" anodized railing for clean, long-lasting appearance

8 Nose cone fins deflect water spray away from boat

9 Skid bar protects tube when beaching, trailering or setting boat down

10 Lift eye on each corner

Elegant and luxurious, your family will enjoy every relaxing moment spent on board these pontoons. The double barrel helm chair, L-shaped rear lounge, bar with built-in cooler and optional rear entry floor plan are perfect for any family gathering. These magnificent pontoons really are quite special.

SYLVAN LIMITED WARRANTY

Sylvan warrants each new fiberglass hull for a period of five (5) years, and each new riveted aluminum hull for a period of ten (10) years, from the date of purchase by the original purchaser (based on years of use, under normal recommended operating conditions) as described in the warranty folder. A copy of the Sylvan Limited Warranty is attached to each new Sylvan boat, or may be obtained from any Sylvan dealer or the Sylvan factory.

Optional equipment is shown in some photographs used in this brochure. Please confirm standards and options with your dealer.

All warranty information is available from your Sylvan dealer or directly from Sylvan Marine. Please write for more information.

If you don't find the boat to fit your needs in this brochure, ask your dealer about the other fine boats from Sylvan Marine.

NOTE: In our continuing efforts to build the best quality boats at affordable prices, it may become necessary during the course of the year to change specifications or materials used in construction. We reserve the right to make changes without prior notification.
