

TURN UP THE VELOCITY

The pontoon revolution continues with Sylvan's exciting 2016 lineup, featuring exclusive RPT highperformance tubes in a wide range of configurations. Sylvan also leads the way with sophisticated, realworld technologies including Bluetooth® to help you maximize your time on the water. Plus, choose from a great selection of innovative floorplans that feature the ultimate in convenience and comfort with plush, luxurious furniture. Performance, technology, comfort — you want it all, and that's what Sylvan delivers.

A TRUSTED BOAT BUILDER SINCE 1948.

Sylvan Marine traces its history back to the late 1940s, when it was founded near Sylvan Lake in Wolcottville, Indiana. Since 1970, the Sylvan brand has been part of Smoker Craft Inc. and continues to be known for high-quality, innovative pontoons. You can count on Sylvan for the best pontoon values for every budget — backed by the very best service and warranties. After all, it's our family's tradition.

BACKED BY PEACE OF MIND.

- Limited lifetime warranty on deck, tubes, transom and structure

- 6-year warranty on all components, carpet, upholstery and electronics

THRILL RIDE EXCLUSIVELY FROM SYLVAN

Game-changing Sylvan performance rides on RPT Revolutionary Planing Technology tubes. The "V" shape allows the pontoon to lift and plane across the water with sportboat-style speed and handling. In fact, you get increased top speed per horsepower and dramatically improved fuel efficiency — which is perfect for great days of tow sports and cruising.

And now, you can upgrade to our all-new PR25 Performance Package for an even better experience. Developed for use with a removable ski pylon, this package features an extended center transom and 60-gallon fuel tank to provide increased fuel capacity for a larger or XL shaft engine.

Whichever package you choose, keep your investment looking showroom clean with the new painted tube option. A combination of zinc chromate primer and urethane paint chemically etches into the aluminum to form a corrosion-resistant surface.

Thanks to RPT and PR25, a Sylvan pontoon isn't just the best of both worlds of spaciousness and performance. It's a whole new level of wow.

THEIRS I Pushes through water resistance

OURS I Lifts and planes across the water

PAINTED FOR PROTECTION.

Sylvan pontoon tubes are constructed with up to .100 gauge one-piece marine-grade aluminum. And now, with the painted tube option, you get the added durability provided by a combination of zinc chromate primer and urethane paint, which forms a corrosion-resistant surface.

SYLVAN

BETTER EXPERIENCES, DESIGNED BYYOU.

At Sylvan, we believe there are three pillars to helping you create the ideal pontoon experiences: advanced technology, unbeatable comfort, and a huge choice of great features and packages. It's all about giving you the power to maximize your time on the water.

TECHNOLOGY

As the pontoon innovation leader, Sylvan incorporates sophisticated, real-world technologies into a superior pontoon design, outstanding features and qualityfocused manufacturing processes.

Murphy Touch Screen I Select Sylvan

pontoon models are available with a Murphy Touch Screen control system, putting a wide range of features at your fingertips.

- Displays all gauges and engine functions and air/water temperatures
- GPS with chart plotter and compass heading
- Stereo remote with Bluetooth®; 3 video inputs
- Controls for all exterior/interior accent lights
- If applicable, controls for freshwater pump, bilge pump, refrigerator and power bimini top

LED Lighting I Your choice of premium details include LED lighting and designer underdeck lighting, interior, courtesy, cup holders, and underwater lighting.

Tubes I Choose your level of pontoon performance with great pontoon tube configurations, including:

- RPT .080 gauge "V" shaped tubes with .100 gauge nose cone
 Standard .080 round tubes
- Standard tubes with lifting strakes
- PTS with 2 standard tubes + a shorter center tube
 PR25 Tube

COMFORT

Everything about a Sylvan pontoon is designed for maximum comfort and convenience. To begin with, our innovative floorplans are spacious, flexible and perfect for entertaining family and friends. And you won't find ordinary boat furniture on a Sylvan — our plush, overstuffed loungers create a uxurious living room on the water.

Furniture I Sylvan furniture uses only the finest quality, marinegrade vinyl with a stain resistant topcoat. Choose the floorplan with your favorite combination of lounge seating, helm chairs, sundeck and oversized rear loungers.

Floorplans 1 Sylvan gives you more spacious floorplan configurations to fit your lifestyle. Select series offer versatile rear lounger models, stylish port seating models with two high-back helm chairs, and bar models that are ideal for entertaining.

CHOICE

Virtually every aspect of a Sylvan pontoon can be chosen to create a boat just for you. From our wide range of innovative floorplans, to great options and packages, to flooring and colors it's all up to you.

Flooring I Sylvan pontoons offer a wide range of floor and carpet selections, including woven vinyl and vinyl teak options.

Colors I Sylvan gives you the freedom to choose your combination of colors for the panels, accents and bimini top.

Painted Tubes I The S Series gives you the choice of standard or painted tubes, which combine zinc chromate primer and urethane paint to chemically etch into the aluminum, forming a corrosion-resistant surface.

*See pages 30-31 for all of your color and flooring options.

- A. Constructed for Endurance I 3/4", 7-ply pressure treated plywood through-bolted and screwed to the hat channels to create the strongest seams in the industry.
- **B. Hat-Channel Construction I** It all begins with .250 (heavy) and .125 (standard) gauge aluminum hat channels that are 6" wide and secured with 8 bolts spanning across our 6" wide deck risers. This creates the widest base in the industry and gives our pontoons greater stability without adding unnecessary weight. Combine that with a .190 gauge aluminum transom that's through-bolted with up to 20 bolts and footed deck risers that prevent tube fatigue, and you see why Sylvan backs its industry-leading construction with a Limited Lifetime Warranty on every product.
- C. Fence & Railing I Features foam backing to prevent rattling and fully welded and anodized railing to add strength. Anodized welds are never painted. It's all backed by a 6-year warranty.
- **D. Thru-Bolted Transom I** Made of up to .190 gauge aluminum and supported with up to 20 stainless bolts to handle today's higher horsepower engines.
- **E. 4-PT Deck to Hull Fusion I** Sylvan deck brackets have 4 points of fusion for an extended area of contact with the tube. In addition to providing increased strength and support, this reduces frame twist and racking in rough water and guards against tube fatigue.
