

2002
SYLVAN FISHING

GEAR UP

You've got your favorite gear.
We've got the perfect boat.

You're ready to go. And whether you're heading out with spoons and spinners or jitterbugs and jelly worms, we think you're bound to do better in a Sylvan.

Why? Because at Sylvan Marine, we've engineered great fishing boats for over five decades. With top-of-the-line features for serious anglers and plenty of room for the whole family to get in on the fun. Not to mention rugged, durable construction and industry-leading warranties.

So get geared up. There are all kinds of fish out there. And in a brand new Sylvan, it's going to be a heckuva season.

2002

EXCURSION

**A BOAT THIS ADVANCED
SPEAKS FOR ITSELF.**

However, we don't mind pointing out some pretty impressive highlights. Like our exclusive Gull Wing hull, 5-keel construction, Automotive-style consoles. And more than enough fishing amenities to get the job done.

The 2100 and 1900 models feature 30 gallon bow and stern livewells (lighted, aerated, recirculating and timed), 40 gallon fuel tanks, lighted rod storage, 3 battery compartments, trolling motor panel, lockable glove box, downrigger reinforcement and much more. This year, every Excursion features 3 new bigger bass seats along with the versatility of 5 seat bases. For convenience, there are also 2 removable rear seat systems. In addition, storage on the Excursions is impressive, with each model making the most of its available space. And this year, the line-up sports new graphics and new pearlstone base paint.

The Excursion series. See for yourself — these are some great fishing boats.

ADVENTURER & EXPEDITION

**FISHERMEN.
CHOOSE YOUR WEAPON.**

When it comes to serious fish-fighting craft, Sylvan offers an impressive range of choices. Take the Adventurer and Expedition lines: feature-packed fishing boats with industry-leading construction and versatile layouts. And this year, you have more choices than ever. Our 1900 Adventurer now comes in an I/O model, complete with walk-in bow seating, locking rod storage and 2 rear seat systems. In addition, it is impressively rated up to a V-6. This year, we're also offering the 1900 Adventurer O/B in both single and dual console models.

The Adventurer and Expedition series both come standard with big arsenals of fishing features. The 1900 Adventurer includes 3 bass seats, 30 gallon bow and stern livewells, lighted rod storage, trolling motor panel, 40 gallon fuel tank and reinforcement for downriggers, while the 1600 Expedition includes port and starboard rod storage, 3 bass seats, 30 gallon bow and 12 gallon stern livewells, trolling motor plug and 24 gallon fuel tank. Both lines feature Sylvan's Gull Wing hull, 5-keel construction, treated floor with lifetime warranty and 5-year carpet warranty.

Ready to fight the fish? It's time to put a Sylvan on your side.

EXPLORER

**SUDDENLY, WORMS AREN'T
SO YUCKY AFTER ALL.**

Pile the kids in a new Sylvan Explorer, and they'll have the time of their life. That's because our entire Explorer line-up is designed with the comfort and versatility you need when you take the whole family fishing. With flexible seating arrangements as well as dual console, single console and tiller models to suit your style of fishing.

Take, for instance, the all-new 1600 Dual Console. It features 3 bass seats, a 30 gallon aerated livewell, rod storage, side storage, bow storage, battery compartment and glove box. For safety and convenience, there are also navigational lights, a bilge pump, cup holders and a 24 gallon fuel tank. And to make the value all the sweeter, the Explorer features our Gull Wing hull, 3 keels, treated floor with lifetime warranty, 5-year carpet warranty and twice-baked urethane paint.

So think Explorer when it's time to take the whole gang fishing. They could even take a liking to night crawlers.

CONSTRUCTION

CONSOLE

Many of our models feature custom-molded consoles and easy-to-read gauges, with the switches and circuit breakers right at your fingertips. Tilt steering is widely available, along with either hydraulic or anti-feedback steering. On dual console models, you'll also find a lockable glovebox, molded cup holders and other amenities.

SEATS

To ensure the highest quality, all our seats are built here by us. Resilient foam padding provides long-lasting comfort and support, and our handsome, high-grade marine vinyl is both durable and easy to clean. And for your safety, we install every seat with pinch-proof hinges.

APPAREL

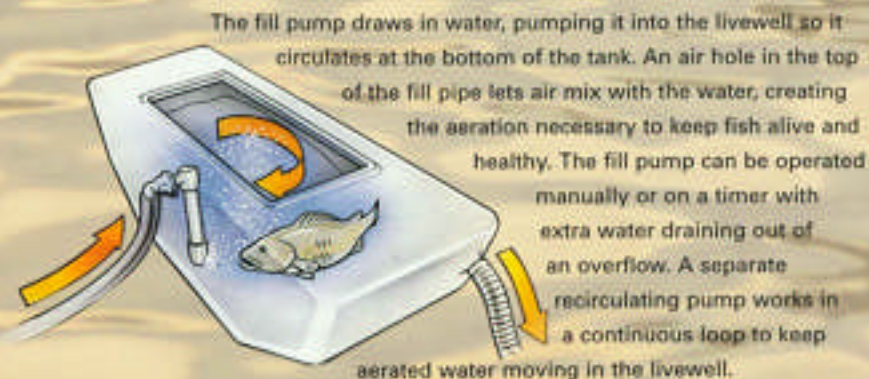

Your boating wardrobe will be complete with exclusive Sylvan shirts, jackets and hats. Simply order online by visiting our web site -

www.sylvanmarine.com

what we're made of.

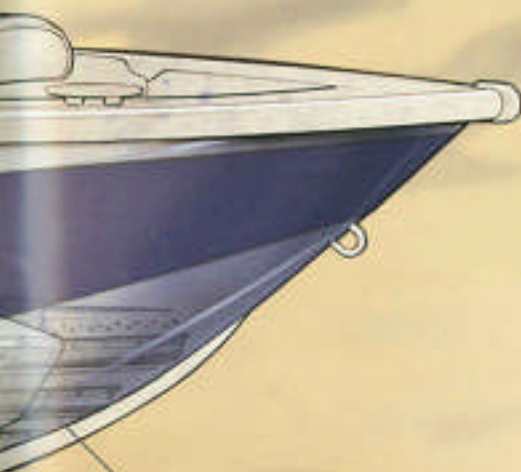

The Flow Rite Livewell System

This is ideal for times when the outside water

is undesirable, like when you're refueling dockside or drifting through stagnant water. For easy cleaning, the livewell has a bottom drain, and the hose runs through the transom, not the floor.

HAND-FITTED RIBS ON 10" CENTERS

125 GAUGE HAND-FITTED RIB

A.I.R.S. RIB SYSTEM

THEIRS (DOUBLE PLATED)

Many of our boats feature .125 gauge hand-fitted ribs on 10" centers, giving you tremendous lateral strength and rigidity.

When you're in rough water, strength is everything. That's why our hulls feature the exclusive

Advanced Integrated Rib System. Unlike our competitors' double-plated aluminum, this rock-solid structure of hand-fitted, hat-shaped ribs provides tremendous longitudinal strength and rigidity.

SYLVAN WARRANTY

Sylvan warrants each new aluminum hull for a period of ten (10) years, lifetime warranty on all riveted seams, and each new fiberglass hull for a period of five (5) years, from the date of purchase by the original purchaser (based on years of use under normal recommended operating conditions) as described in the warranty folder. A copy of the Sylvan Limited Warranty is attached to each new Sylvan boat, or may be obtained from any dealer or the Sylvan factory.

The Gull Wing Hull

Our Gull Wing hull features a rolled-V design that gets you on plane faster and provides a drier, steadier ride with less bounce and better support while turning.

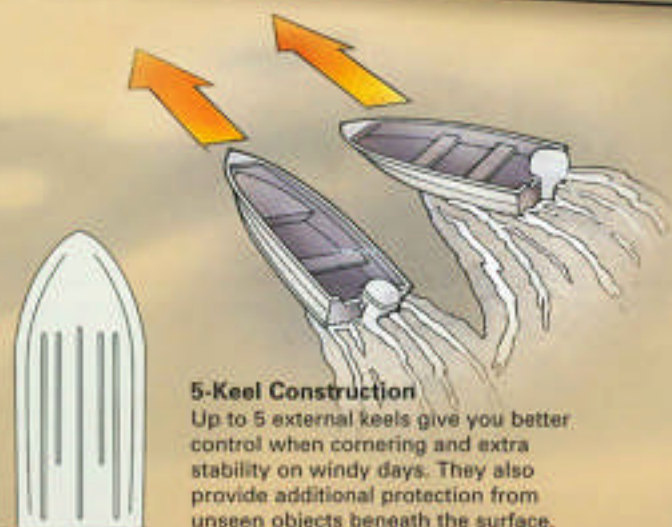

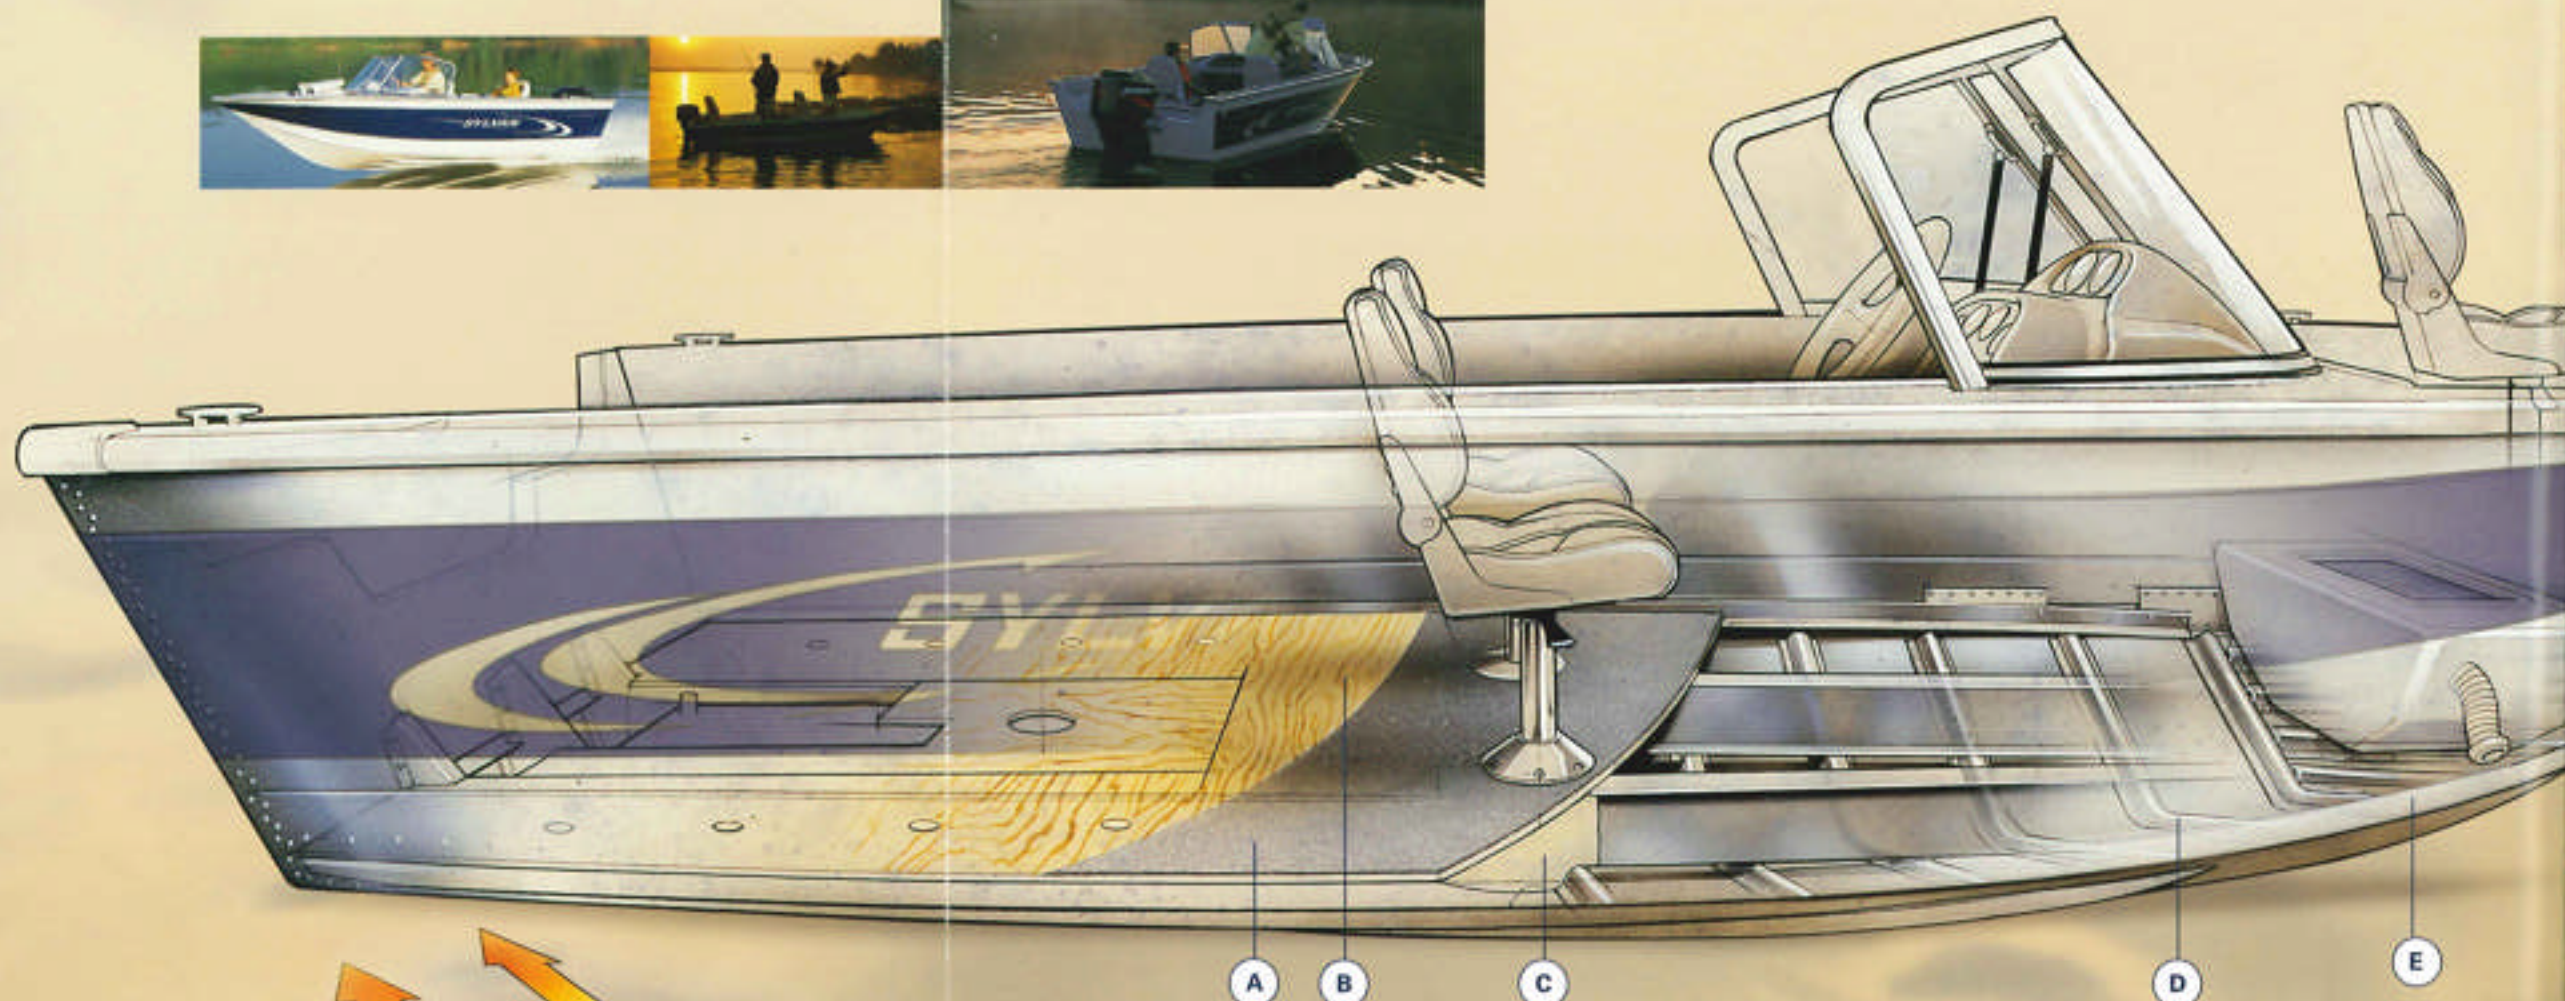

Premium Grade Marine Aluminum

Sylvan boats feature tempered, tension leveled 5052 H34 marine grade aluminum, heavier than the industry standard.

Twice Baked Urethane Paint

Sylvan employs an in-house paint process that starts with a special aluminum grade primer to assure proper bonding, and bakes two coats of urethane based paint to the hull. This process increases toughness and provides a finish that's durable, scratch resistant and protects the color and styling of your boat for years to come.

Allow us to show you

5-Keel Construction

Up to 5 external keels give you better control when cornering and extra stability on windy days. They also provide additional protection from unseen objects beneath the surface.

A Carpet

Our premium grade, easy-to-clean 100% UV stabilized marine carpet is backed by a 5-year warranty.

B XL Plywood Floors

Our floors are constructed with specially treated XL plywood that won't warp or rot and has a lifetime warranty.

C Urethane Foam

After the floor is installed, we fill every cavity with gasoline-resistant urethane foam to eliminate water-collecting pockets and give the floor solid support and strength. This also provides maximum buoyancy while giving your Sylvan a quieter ride.

D Strength

Many of our Sylvan boats feature a .125 one-piece bottom with .125 gauge hand-fitted ribs on 10" centers giving you tremendous lateral strength and rigidity. Combine that with 5 keels running longitudinally, and you get superior impact resistance and improved lift, handling, bottom support, and protection.

E Raked Back Bow

It all starts with a .125 one-piece bottom and double riveted joints for increased strength. Our innovative raked-back bow design with integrated spray rail gives you a smoother, drier ride and more room in the bow up above.

COVERS & ENGINES

FISHERMAN'S TOP,
CURTAINS AND COVERS

Stay high and dry with the Fisherman's Top and complete curtain package, available on most Sylvan models. Whether it starts to rain, or you simply need a little shade, the top and side, aft and walk-thru curtains go up quickly and easily. In addition, the top comes with a boot for easy storage. The bow cover and mooring cover keep your boat clean and ready to go.

NAVIGATOR, OFFSHORE & VIPER

2002

MORE FISHING BOATS,
FOR MORE WAYS TO FISH.

At Sylvan Marine, we build boats to suit your style of fishing. That's why we offer the vinyl floored Navigator and Offshore, and the fiberglass Viper lines.

This year, we've expanded our Navigator series to include new 16' and 15' single console models along with the 14' single console and 17' dual console. Their vinyl flooring makes these boats ideal for salt water conditions and makes cleanup a snap. Naturally, they also feature some very serious fish-chasing equipment, especially the 1700 which sports 3 bass seats, port and starboard rod storage, bow and stern livewells and a 31 gallon fuel tank. In addition, it offers the peerless control and handling of 5-keel construction.

For 2002, we've also included the V180 Viper OB. Its 7-layer fiberglass construction can take on big, rough water and it features impressive amenities, including anti-feedback steering, lighted rod storage, 2 battery compartments, 30 gallon bow and stern livewells, baitwell, trolling motor panel and motor tilt switch. Or, if you prefer, there's always the 23' Offshore, complete with cabin, Porta-Potti®, 80 gallon fuel tank and reinforcement for downriggers.

The Navigator, Viper and Offshore. Further proof there's a Sylvan that's just right for you.

SYLVAN

SPORT TROLLER,
SUPER SNAPPER & STRIKER

2008

SHE HAD NO IDEA
YOU WERE THIS GOOD.

With nothing but you, her, and the fish,
the perfect place to put on a clinic is in a
Sport Troller. Two bass seats, rod storage,
lockable glove box, 5-year carpet warranty,
navigational lights, and most importantly,
an aerated livewell to get everyone's catch
home safe and sound.

A Sport Troller — all the essentials for a
great fishing experience.

SEA SNAPPER, SEA BREEZE,
FISH ADVANTAGE & BASS BOAT

2002

THERE'S BEAUTY
IN SIMPLICITY.

And let's face it, over the years a whole lot of fish have been caught in a simple utility boat. In fact, your granddad would have done just fine in a vessel like the Sea Snapper. It's got aluminum bench seats, oar locks, 2 pairs of rod holders and a non-skid interior. We guarantee its durability with a 10-year warranty on the aluminum hull, and its 3 keels provide stability and protect the boat on rocky launches. As a finishing touch, its painted exterior will keep it looking new for years to come.

Sometimes there's nothing like a basic utility boat. Of course, there's no reason it can't carry some pretty fancy tackle.

TEN GREAT REASONS THE DECISION IS EASY.

QUALITY

At Sylvan, we offer many different models to meet many different needs. But at the heart of each and every one is a well-constructed, thoughtfully designed boat that's built to last. After all, we wouldn't put our name on anything less.

SERVICE

We believe that customer service begins right here at the factory — with our commitment to our dealer network and our promise to stand behind every boat we build.

HISTORY

When you get a Sylvan, you're getting the benefit of decades of experience. That's many years of research and development. And many years of relationships with the very best vendors and suppliers in the industry.

FINANCIAL STABILITY

You don't stay in business as long as we have unless you've earned the financial confidence of a vast number of dealers, suppliers, employees and customers. Just one more reason to feel good about becoming part of the Sylvan family.

NATIONWIDE SALES AND SUPPORT

Our nationwide dealer network offers expert sales and factory-authorized service to water-loving families across the country. Visit our web site at www.sylvanmarine.com to locate the dealer nearest you.

CONSTRUCTION

At Sylvan, we're proud to offer some of the best construction in the industry. You'll find the same high level of quality materials and processes across our entire line of boats. From the hat-shaped ribs and raked-back bow design of our aluminum V-hulls to our labor-intensive 7-layer fiberglass construction to the heavy gauge, welded chambers of our pontoon tubes. You can be sure your Sylvan is solid from stern to stern.

BROAD PRODUCT LINE

At Sylvan, we love boating as much as you do. And maybe that's why we continue to offer so many different models and product lines. Fishing, cruising, skiing — simply pick your family's favorite activities and chances are, we've got a package that's perfect for you.

SAFETY

Every Sylvan boat is built to exacting standards set by the U.S. Coast Guard. From flotation and fuel systems to wiring looms, boat beams, depth and freeboard — Sylvan boats are among the safest on the water.

RESALE VALUE

With thousands of Sylvan boats on the water today, Sylvan is one of the most popular and recognized names in the industry. For you, this popularity translates into higher resale values when it comes time to upgrade.

INNOVATIVE ENGINEERING

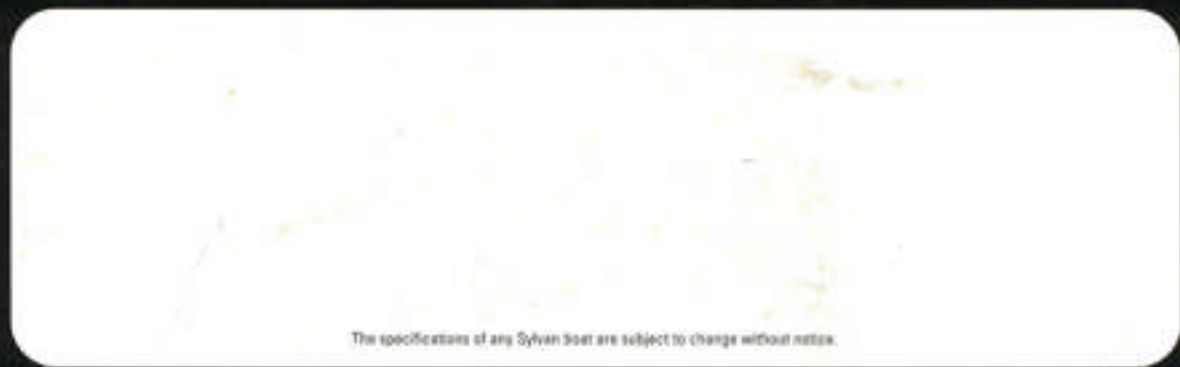

When it comes to engineering, the little things add up to a big difference. Ideas like one-piece bottoms, more lateral ribs, double riveted seams, 5 bottom keels, and a unique seam sealing tape, to name just a few. Simply put, our research and development team keeps Sylvan well ahead of the curve.

THERE'S NOTHING QUITE LIKE IT.

Slipping across the pre-dawn stillness, cutting the engine, and getting down to business. We believe it's an experience best enjoyed in a fishing craft from Sylvan Marine. Why? Because at Sylvan, we love fishing as much as you do. And we design our boats to help you and your family get the most out of every minute on the water. Our full line includes feature-packed boats for serious anglers. Roomy, family-friendly seating arrangements. And terrific value-oriented models in virtually every class. You even have the options of an offshore boat, a vinyl-floored series and a fiberglass model. So pack your boat and pick your spot. In a Sylvan fishing boat, you're gearing up for a great day.

The specifications of any Sylvan Boat are subject to change without notice.
