FISHING BOATS
A BETTER EXPERIENCE.

There's an experience on the water like no other. One where boat and angler come together seamlessly in the pursuit of catching fish. And one where friends and family can join in effortlessly for hours of enjoyment. Yes, there's excitement built into every Sylvan fishing boat. Like the thrill of getting up on plane faster than ever. But also, there's peace of mind — from having one of the best built, best backed boats in the industry. So this year, experience it all. With one of the most trusted names in boating for nearly 50 years. Sylvan Marine.

FISHING BOATS

A BETTER EXPERIENCE

SYLVAN. THE OBVIOUS CHOICE.

Here are ten reasons why:

QUALITY

At Sylvan, we offer many different models to meet many different needs. But at the heart of each and every one is a well-constructed, thoughtfully designed boat that's built to last. After all, we wouldn't put our name on anything less.

SERVICE

We believe that customer service begins right here at the factory — with our commitment to our dealer network and our promise to stand behind every boat we build.

HISTORY

When you get a Sylvan, you're getting the benefit of decades of experience. That's many years of research and development. And many years of relationships with the very best vendors and suppliers in the industry.

FINANCIAL STABILITY

You don't stay in business as long as we have unless you've earned the financial confidence of a vast number of dealers, suppliers, employees and customers. Just one more reason to feel good about becoming part of the Sylvan family.

NATIONWIDE SALES AND SUPPORT

Our nationwide dealer network offers expert sales and factory-authorized service to water-loving families across the country. Visit our web site at www.sylvanmarine.com to locate the dealer nearest you.

CONSTRUCTION

At Sylvan, we're proud to offer the best construction in the industry. You'll find the same high level of quality materials and processes across our entire line of boats. From the hat-shaped ribs and raked-back bow design of our aluminum V-hulls to our labor-intensive 7-layer fiberglass construction to the heavy gauge, welded chambers of our pontoon tubes. You can be sure your Sylvan is solid from stern to stern.

BROAD PRODUCT LINE

At Sylvan, our family loves boating as much as yours does. And maybe that's why we continue to offer so many different models and product lines. Fishing, cruising, skiing — simply pick your family's favorite activities and chances are, we've got a package that's perfect for you.

SAFETY

Every Sylvan boat is built to exacting standards set by the U.S. Coast Guard. From flotation and fuel systems to wiring looms, boat beams, depth and freeboard — Sylvan boats are among the safest on the water.

RESALE VALUE

With thousands of Sylvan boats on the water today, Sylvan is one of the most popular and recognized names in the industry. For you, this popularity translates into higher resale values when it comes time to upgrade.

INNOVATIVE ENGINEERING

When it comes to engineering, the little things add up to a big difference. Ideas like one-piece bottoms, more lateral ribs, double riveted seams, 5 bottom keels, and a unique sealing tape, just to name a few. Simply put, our research and development team keeps Sylvan well ahead of the curve.

"1 On The Water"

L = Lighted A = Aerated R = Recirculating T = Timed

THE FLOW RITE LIVEWELL SYSTEM

This clever design features a fill pump that draws in water, circulating it at the bottom of the tank. An air hole in the top of the fill pipe allows air to mix with the water, keeping fish healthy. The fill pump may be operated manually or on a timer with excess water draining out of an overflow. Plus, a separate recirculating pump works in a continuous loop to keep aerated water moving in the livewell. This is especially helpful when you're refueling or drifting through stagnant water. For easy cleaning, the livewell has a bottom drain, and the hose runs through the transom, not the floor.

PREMIUM GRADE MARINE ALUMINUM

Our boats exceed industry standards by featuring tempered, tension-leveled 5052 H34 marine grade aluminum.

RAKED BACK BOW

This innovative bow design features an integrated spray rail and gives you not only a smoother, drier ride — but also more room in the bow up above. The .125 one-piece bottom and double riveted seams combine to give the bow its unmatched strength.

A CARPET

Your whole family can rely on the durability of our premium grade, 100% UV stabilized marine carpet, with a 5-year warranty.

B XL PLYWOOD FLOORS

Our floors carry a lifetime warranty, thanks to our specially treated XL plywood that's guaranteed not to warp or rot.

C URETHANE FOAM

One step aboard, and you'll notice the strength and solid support of the floor. That's because we fill every cavity with gasoline-resistant urethane foam to eliminate water pockets and give your boat maximum buoyancy and a quieter ride.

D STRENGTH

Peel back the layers, and you'll see our recipe for a stronger boat. It includes a .125 one-piece bottom, with .125 gauge hand-fitted ribs on 10" centers — the type of construction you'll find on many of our boats. Combine this lateral strength with five keels running longitudinally, and you get superior impact resistance and improved lift, handling, bottom support and protection.

E 5-KEEL CONSTRUCTION

Once you've experienced the unmatched stability and handling of five external keels, you'll know why they're so important. The keels also protect your boat from objects beneath the surface, as well as from the wear-and-tear of trailering.

TWICE BAKED URETHANE PAINT

To give your boat a tough, long-lasting finish, we utilize an in-house paint process that begins with a special aluminum grade primer to ensure proper bonding. We then bake two coats of urethane-based paint to the hull.

THE GULL WING HULL

You'll have superior acceleration and control thanks to this exclusive specialized design. It keeps the bow down as you accelerate, getting you out of the hole faster.

FISHERMAN'S TOP, CURTAINS AND COVERS

To top it all off, we offer the Fisherman's Top and complete curtain packages, on most models. The top, as well as the side, aft and walk-thru curtains, go up quickly and easily, and the top comes with a boot for easy storage. The bow cover and mooring cover are perfect ways to keep your boat clean and dry and ready to go.

CONSTRUCTION & FEATURES 04

Take a closer look, and you'll see the innovative engineering and superior construction that goes into your Sylvan boat. And it's all backed by some of the best warranties in the industry. In addition, Sylvan has chosen only the very best partners to bring you such features as engines, covers and tops. Because the way we see it, only the strongest commitment to quality can help you get more from your time on the water.

MERCURY ENGINES

Sylvan is proud to offer a full line of reliable Mercury and MerCruiser power options.

MERCURY
1 On The Water

SEATS >

Comfort reigns throughout your boat, thanks to our advanced seats with pinch-proof hinges, contoured bottoms and backs, and resilient foam padding. Our roto-molded, wood-free construction ensures that the seats won't warp or rot.

< CONSOLE

Select models feature our custom-molded consoles with deluxe gauges. Many boats also feature tilt steering, along with either hydraulic or anti-feedback steering. All of our consoles are ergonomically organized, with easy-to-read dials and easy-to-reach switches and circuit breakers. On dual console models, you'll also find beautiful walnut grain and such amenities as a lockable glove box and molded cup holders.

A.I.R.S. RIB SYSTEM

THEIRS: DOUBLE PLATED

A.I.R.S.

ADVANCED INTEGRATED RIB SYSTEM

The choice is clear! Our exclusive Advanced Integrated Rib System utilizes hand-fitted, hat-shaped ribs for superior longitudinal strength and rigidity that simply outperforms our competitors' double-plated aluminum.

APPAREL >

To complete the package, we offer an exclusive line of Sylvan shirts, jackets and hats. For your convenience, you may order online by visiting our website at www.sylvanmarine.com.

WARRANTY

Sylvan warrants each new aluminum hull for a period of ten (10) years, lifetime warranty on all riveted seams, and each new fiberglass hull for a period of five (5) years, from the date of purchase by the original purchaser (based on years of use under normal recommended operating conditions as described in the warranty folder). A copy of the Sylvan Limited Warranty is attached to each new Sylvan boat, or may be obtained from any dealer or the Sylvan factory.
