SERIOUS FUN

SYLVAN PONTOONS 07

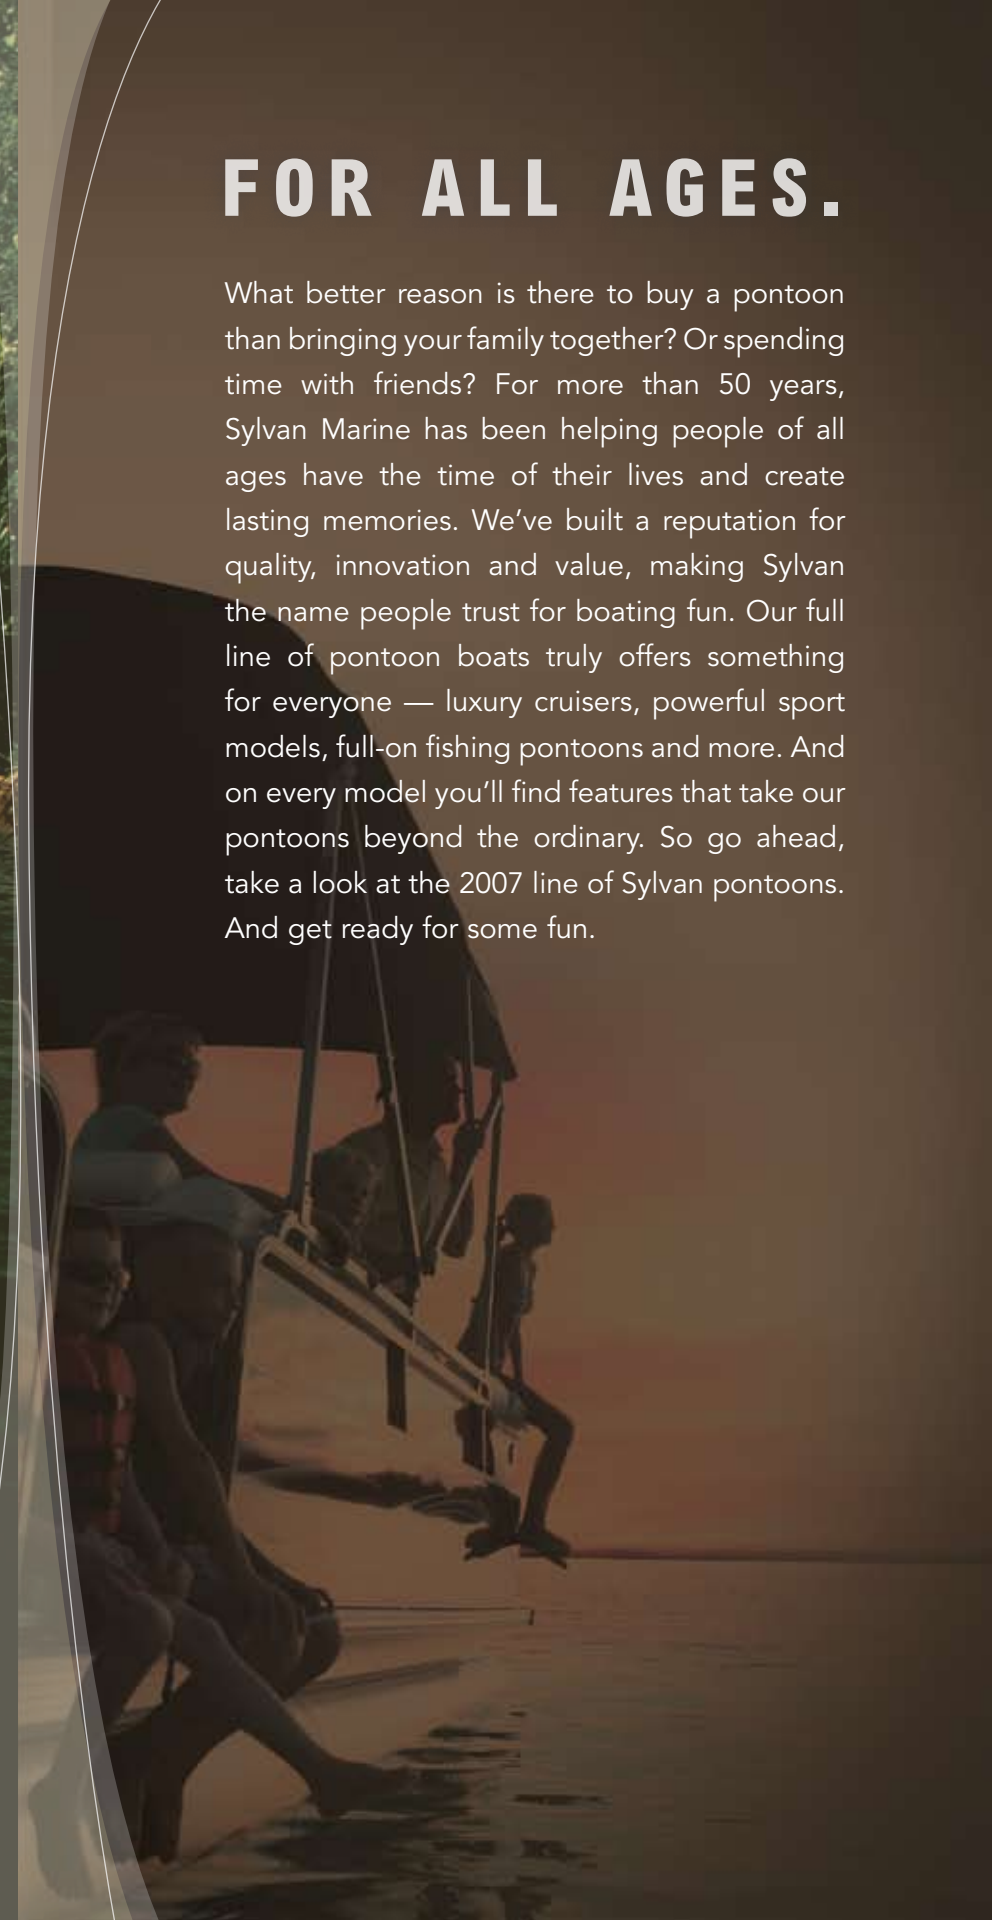

FOR ALL AGES.

What better reason is there to buy a pontoon than bringing your family together? Or spending time with friends? For more than 50 years, Sylvan Marine has been helping people of all ages have the time of their lives and create lasting memories. We've built a reputation for quality, innovation and value, making Sylvan the name people trust for boating fun. Our full line of pontoon boats truly offers something for everyone — luxury cruisers, powerful sport models, full-on fishing pontoons and more. And on every model you'll find features that take our pontoons beyond the ordinary. So go ahead, take a look at the 2007 line of Sylvan pontoons. And get ready for some fun.

CONSTRUCTION

SYLVAN PONTOONS 07

07

A GATES

For maximum safety, you'll find pinch-proof protectors and Posi-Lock® latches on the gates of all our pontoons, as well as heavy-duty gate stops.

B DECK

We have so much confidence in our floors that they carry a lifetime, transferable warranty. Every pontoon features 3/4" Marinetech PTP 7-ply pressure-treated plywood that won't warp or rot. And the floor is securely through-bolted and screwed to the hat channels for a powerful hold.

C CARPET

Our seamless plush pile carpet (up to 28 oz.) is made of 100% U.V. stabilized polypropylene and has a five-year warranty. For extra durability, we bond it to the deck with marine adhesive and 200 lbs. of rolling weight, while stainless steel staples secure it to the perimeter of the deck.

D SPACERS

Our pontoons feature 3/8" spacers between the fence bottom and the deck, allowing water to drain easily and cutting carpet drying time in half.

E FENCING

Your pontoon's fencing is as attractive as it is durable, thanks to the .030 smooth aluminum panels which are foam-backed to prevent rattling and feature supplemental cross members for added strength. Powder coated railings provide a cleaner look.

F TUBE CONSTRUCTION

Because so much is riding on the tubes, we back ours with a lifetime warranty. Unlike other manufacturers', our tubes are heavy gauge (.080) with welded chambers to keep the pontoon afloat even if a section becomes punctured, and they feature rear anti-electrolysis drain plugs for easy draining. In addition, our air-filled tubes make the pontoon lighter, giving you more power and better fuel economy.

G NOSE CONE

Our nose cone knifes cleanly through the water, with two 13" fins deflecting water away from the boat, giving you a smoother, drier ride. The anti-puncture skid bar runs the entire length of the tube for added protection and steering control. And an extruded aluminum cap adds strength to the cone and protects you from sharp edges.

POWERFUL FUN

Yes, Sylvan pontoons are recognized for their great looks and innovative features. But what really sets our pontoons apart is their high octane performance. Every model features full-length keels for maximum tube protection and nose cone fins for a smoother ride. Our 25" performance tubes with lifting strakes, available on

select models, add superior performance. And, when combined with the optional aluminum bottom skin and tri toon, you get added muscle for full enjoyment of tow sports. All of our tubes come with a lifetime warranty. So with Sylvan, you know you've got the power to keep the fun going all day long, for years to come.

"V" TRANSOM

Our all-aluminum "V" transom carries a lifetime warranty and is designed to reduce spray and prevent cavitations in turns. Fins work to provide the optimum lift for better water flow and faster speeds.

FULL-LENGTH KEEL/SKID BAR

Our tubes feature a 1/2" aluminum keel running the full length of the tube. This provides maximum protection for the tubes while trailering and serves to deflect debris, enhance steering, and help prevent drifting.

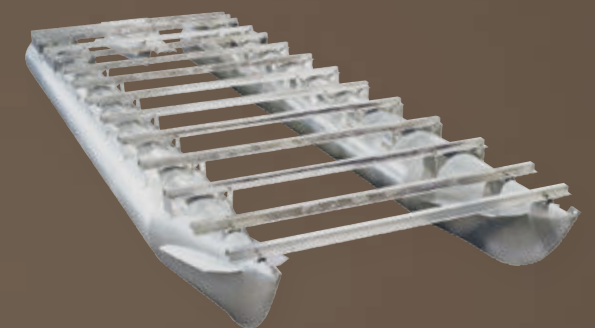

ALUMINUM BOTTOM SKIN

Select pontoons feature our aluminum bottom skin, for a smoother glide that helps your engine operate more efficiently and saves you fuel, even at higher speeds.

LOUNGE FURNITURE

The comfort and durability of our lounge furniture starts with reliable rotocast bases which provide dry underseat storage areas. Our thick foam padding is treated with biocide, and our 33 oz. high-grade marine vinyl features a stain resistant topcoat that protects the beauty of the furniture for years to come.

NOTE: Because weight distribution is extremely important when operating a pontoon boat, passenger weight should be distributed evenly for best overall performance. Also keep in mind that a four-stroke engine is much heavier than a two-stroke engine, significantly increasing the weight load in the stern. Check with dealer for performance evaluation and weight differential for four-stroke and two-stroke engines.

CROSS CHANNELS

There's no substitute for a strong foundation. And that's exactly what you get with our 8' (or 8.5') x 6" x 1/8" aluminum hat channels, with heavy-duty 1/4" rear hat channels providing extra support for the motor. Our channels are double through-bolted onto deck risers every 24" for exceptional support and structural integrity. This unique design actually doubles the amount of z-channels found in other pontoons.

DRIVER'S CONSOLE. It's all about style, comfort and performance here with a look that's more luxury car than pontoon.

HARDTOP. So much more than added seating, the 8527 RE HT takes pontoon boating to a whole new level.

CHANGING ROOM. The Mandalay has a lighted changing room for privacy and convenience.

BAR WITH STOOLS. This exciting feature is standard on our hardtop model and provides the ideal place to serve food and beverages.

STEP UP

There's boating and then there's luxury cruising. It's all luxury with the Mandalay, our flagship pontoon. First-class accommodations include wraparound couches and a roomy, lighted changing room. Small details like chrome cup holders and a removable cooler make a big impression. Performance is top notch as well, with 25" tubes and aluminum bottom skin for superior performance and power. Over-the-top options include the attention-getting hardtop, a galley with refrigerator and a bar with stools.

SERIOUS QUALITY

SYLVAN PONTOONS 07

DASH

All of our pontoons feature distinctive dash designs with easy-to-read gauges. More in line with high-performance sports cars, our pontoons feature hydraulic steering.

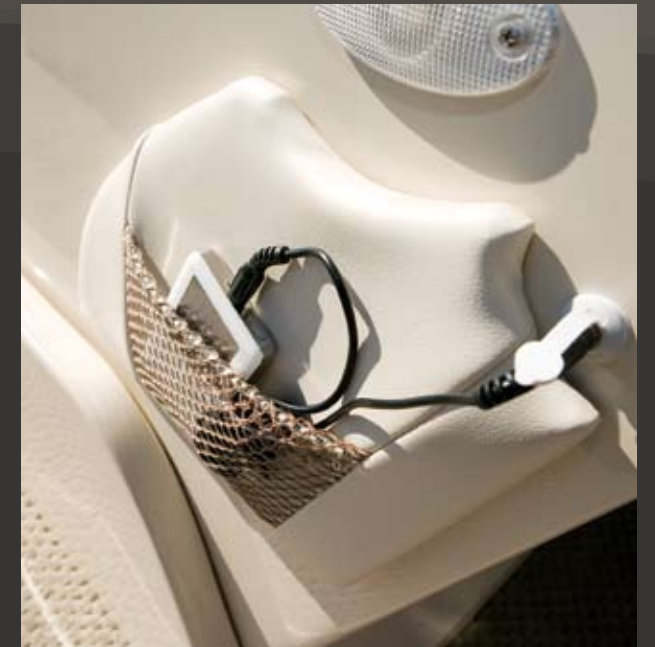

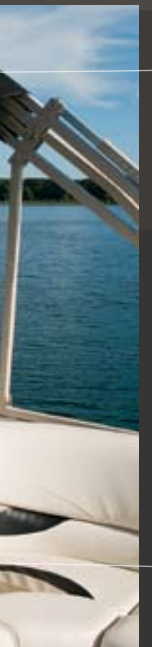

CHANGING ROOM

Available on many of our models, a spacious changing room gives you the option of staying out on the water longer. When not in use, it ingeniously tucks away behind the stern seating.

IT'S IN THE DETAILS.

Take a close look at Sylvan pontoons, and you'll discover the details that make them unique. We take ordinary items and make them extraordinary, like our railings for example. We begin with strong 1-1/4" rails, then we add a special powder coating for showroom looks that will last for years. Our gates feature Posi-Lock® latches

and heavy-duty hinges. Even our fence panels are distinctive, with insulation that prevents rattling. And when it's time to add a bit of shade, you'll find our bimini tops are the easiest to use, thanks to quick-release latches and struts. So we invite you to take a closer look at the seemingly small details that add up to a big difference.

COOL CONVENIENCES

Take a seat on the soft yet durable upholstery. A closer look reveals speakers tucked into the seating areas to provide higher quality sound. You'll also discover lots of chrome cup holders, conveniently located throughout the craft.

DRIVER'S CONSOLE

The dash is only the beginning. Our custom-molded or full fiberglass consoles also provide storage areas along with special features like cooler storage, a windscreen, cup holders or the freshwater sink shown here.

AUDIO SYSTEM

An auxiliary port for mp3 players like the one shown here is just one of the audio system conveniences. CD players with 6-disc changers and Sirius satellite radio are also available on some models.
