SYLVAN

TECHNOLOGY

OF A BETTER BOAT

Sylvan Marine traces its history back to the late 1940s, when it was founded near Sylvan Lake in Wolcottville, Indiana. Today, the Sylvan brand is part of the Starcraft Marine and Smoker Craft Family of Products and continues to be known for high quality, innovative aluminum fishing boats. Our something-for-everyone lineup combines serious fishing features with the versatility you need for great days of cruising and watersports. You can count on Sylvan to build the best boats in each class and back them with the very best service and warranties.

- E** **XL PLYWOOD FLOORS** with a lifetime warranty – you can count on the specially treated floor to hold its strength and never warp or rot
- F** **INJECTED URETHANE FOAM** eliminates water pockets and gives the boat more buoyancy and a quieter ride
- G** **AIRS ADVANCED INTEGRATED RIB SYSTEM** with hand formed hat-shaped ribs on 10" centers provides superior longitudinal strength and rigidity

5-KEEL CONSTRUCTION for the best stability and handling you'll find anywhere. The keels also offer greater protection from underwater objects, as well as from the wear and tear of launching and trailering your boat.

FLOW RITE LIVEWELL SYSTEM Our state-of-the-art design draws water in and circulates it in the bottom of the tank while a hole in the top allows air to mix with the water. A separate recirculating pump works in a continuous loop to keep aerated water moving at all times, and a transom drain system provides for easy tank cleaning.
